X11-N

At the Seat of Power

The advent of state-of-the-art technology in the styling and craftsmanship of X11-N has revolutionized the conventional concept of chairs. Changing the way people sit, the X11-N seeks not only to provide the best possible comfort, support and convenience for your active work lifestyle but also the necessary basis to inspire great ideas and effectively increase work productivity. Every feature is ergonomically optimized to intuitively meet the needs of users. Such is the power of X11-N, the foundation to successful careers.

Seat Width : 540
Chair Depth : 540
Chair Width : 690

> X-11-NSYNAJ(NC)

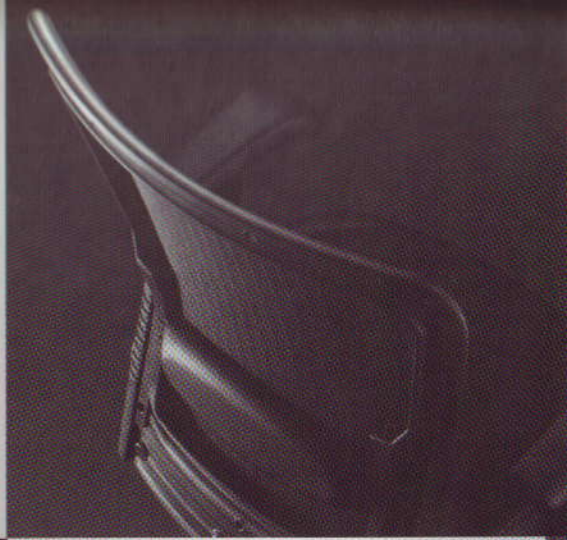

Chair Height : 975 - 1065
Seat Height : 460 - 550
Seat Depth : 490
Seat Width : 540
Chair Depth : 540
Chair Width : 690

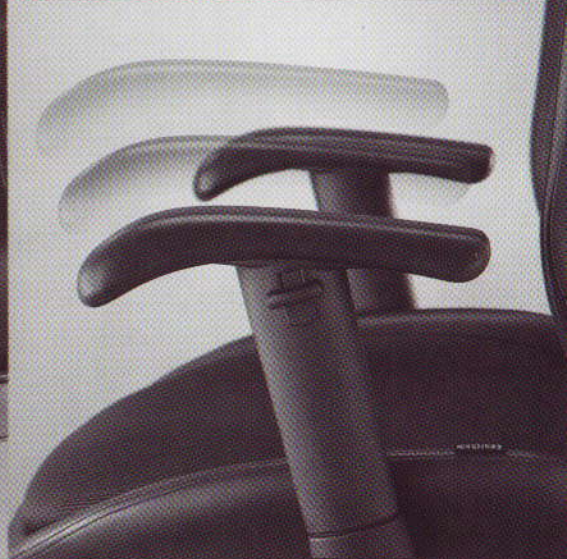

> The geometric flex stretch mesh is injected into the plastic frame of backrest, making it stronger than normal mesh and more durable, elastic without losing its shape and reliable.

> Point synchronized technology using Synchron multi locking mechanism makes it possible to achieve perfect balance in every seated position. The synchronized adjustment of the backrest and seat in the ratio of 2:1 ensures complete comfort.

>> Adjustable armrests in 7 lockable positions with soft Polyurethane (PU) arm pad are ideal for working with computers and reduce muscle fatigue during long working hours.

< Sleek 5-pedestal chair base with 60mm castors available in nylon or aluminium die-cast enable user to glide and swivel in any direction.

> Tilt mechanism provides easy recline and good back support in different recline positions. Tilt resistance allows users to recline without leaving their vision or reach zone.
