X-PRIT

Adjustable headrest provides support to the user's head, neck and back muscles. Designed to resist rotation of the user's head when in contact with the headrest.

The most unique feature of the X-prit is the Hyper-active Lumber Support that provides a healthy seating posture and spinal support. It is adjustable to suit your preferred posture when you are in motion or at rest.

Choice of fixed or adjustable armrests in 7 lockable positions, ideal for working with computers and reduces muscle fatigue during long working hours. PP armrests are durable and reliable for long-term use.

Durable mesh backrest promotes greater ventilation and free flow air to the skin, leaving the user continuously cool and comfortable. Contoured shape provides superior comfort and lumbar support.

Available in point synchronized technology using Asian single locking mechanism for perfect balance in every seated position and nylon chair base for lasting durability.

Sleek 5-pedestal chair base with 60mm castors aluminium die-cast enable user to glide and swivel in any direction.
