

White Lightning®

Coated Electric Wire

20
YEAR
Limited
Warranty

- Safer than Smooth or Barbed Wire
- 2x Stronger than Braid
- Good Visibility

White Lightning® is permanent electric fencing that incorporates highly visible white polymer and exclusive conductive black polymer in four safety-shock points for 360 degree containment.

White Lightning® withstands impact without risking injury to your horse. Our coated design means no slicing or cutting injuries.

White Lightning® installs like electric high-tensile wire and is engineered for durability, resistant to wear and withstands extreme temperature ranges. It is effective in high-tensile installations regardless of overall fence length.

**Sure-Fit®
Safety
Sleeve**

Unique T-sleeves convert a metal T-post into an HTP® post that is much safer and more attractive.

Durable and impact resistant.
Available in white or black.

◀ **Exclusive Sure-Fit® Safety Sleeves** fit securely over standard metal t-posts

4 Safety-Shock Points
for Better Containment

White Polymer

SPECIFICATIONS	ELECTRIC
Total Wire Diameter	5/16"
Roll Length	500' 1000' 1320'
Steel Wire	12.5-Gauge
Min. Break Strength	1,400 lbs
Weight Per Roll	27 lbs 52 lbs 70 lbs
Colors	White  Black  Brown

White Lightning®

Coated Electric Wire

Centaur® is the inventor of **High Tensile Polymer (HTP)**, a material that is a blend of impact modifiers, UV stabilizers, and anti-fungicides. Formulated for strength, durability and appearance, HTP® fencing material is color fast, stain-resistant and mildew resistant.

PolyStrand®/PolyPlus® HTP® withstands temperature conditions from **-40°F to 200°F** without becoming brittle or experiencing any kind of breakdown.

Insulated Fencer's Lasso

EASIEST AND FASTEST WAY TO TERMINATE

Insulated Fencer's Lasso

The Insulated Fencer's Lasso is the easiest and fastest way to terminate, insulate and tension electrified single strand products! Combination of a heavy-duty end strain insulator and tensioner with a pre-fastened looped cable.

Fits up to 8" diameter post.

White Lightning®

- Mechanically bonded fence - Ask us how this differs from others!
- Unique co-polymer 12.5 gauge galvanized high-tensile steel wire embedded in a tough HTP® Polymer coating with electric properties
- Made in the USA
- Fence life is 20+ years with a 20-year limited warranty
- PolyStrand®/PolyPlus® HTP® coated high tensile wire is easily combined with other Centaur fencing to fit your budget or design needs
