

BRETFORD BASICS™ MULTIMEDIA LECTERN

LECTTG3018 MULTIMEDIA LECTERN

Multimedia Lectern: Designed to support the use of a data projector with a document camera. Lock the equipment away when not in use.

LECTTG3018

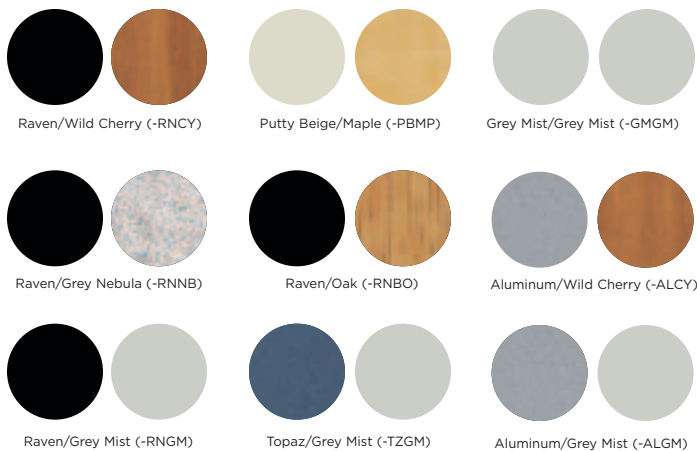

FEATURES

- Designed to support a data projector, document camera, laptop computer, speaker system, and additional electronic equipment.
- Lower cabinet doors lock for security with a user-programmable combination lock. Lectern includes a 6-foot TechGuard™ cable lock to secure the data projector to the top shelf. Micro-slot cable may also be used with the LECTTG3018, micro-slot cable not included.
- The sliding side shelf locks from the inside and can only be released from inside the cabinet so that the operator can manually unlock the shelf for use.; Sliding shelf is 28-1/4" long and 8-1/4 high.
- The LECTTG3018 is 45" high with table top lectern mounted to the left or right side.
- The projector shelf next to the table top lectern includes a non slip rubber mat.
- Table top lectern comes with hole to allow for microphone and cord management and a front speaker cover for a portable PA system, PA system not included.
- 2" twin wheel designer casters, two locking.
- LECTTG3018 includes an ECF6 6-outlet electrical unit with surge suppression, on/off switch, and 20 foot power cord. Model LECTTG does not include an electrical unit.
- Cabinet includes a built in cord winder to keep the 20 foot electrical cord neat when not in use or in transit.
- Constructed using an average 30% post-consumer recycled steel content and finished in environmentally friendly powder paint. Steel components are 100% recyclable at the end of the product life cycle. The LECTTG series lectern is certified to GREENGUARD Children & Schools Indoor Air Quality standards.
- Made in the USA.

ACCESSORIES

ECF6 - 6-outlet electrical unit, standard on the LECTTG3018

E12 - 12-outlet electrical unit

MADE IN THE USA

All LECT series lecterns are made at one of Bretford's Chicago area manufacturing facilities using union labor.

SUGGESTED SPECIFICATIONS

LECTTG3018 and LECTTG Multimedia Lecterns have an overall dimension of 30"W x 18"D x 45"H. The lower cabinet section is 30"W x 18"D x 31-1/2"H and features a lower shelf and pull out upper shelf. The lower shelf is 29"W x 17"D and has a 15-7/16" height clearance to the upper shelf. The upper shelf features a pull out shelf that extends to the right side on glide tracks. The pull out shelf is 28-1/4"W x 8-3/4"D and has 8-1/4" height clearance from the cabinet opening. The top shelf supports a table top lectern to the left or right side and includes a 15"W x 18"D projector platform that is covered by a non-slip rubber mat. The table top lectern is 13-1/2"H and has a 18"W x 20"D laminate platform. The table top lectern is angled at 12-1/2° and has a 1/2" steel stop at the front. Two cabinet doors feature full length piano hinges and secure in the closed position with a user-programmable combination lock, lock included. Lower cabinet and table top lectern include grommet holes for easy cord management of equipment. Steel doors are constructed from 20-gauge steel and the lower cabinet and table top lectern frames and shelves are constructed from 18-gauge steel. The table top lectern top is a 1" thick laminate with TPE edge detail. Both models include four (4) 2" diameter twin wheel designer casters, two (2) have locking brakes. A 4-outlet electrical assembly is included with model LECTTG3018 and has an on/off switch, surge protection, and a 20-foot grounded power cord. Constructed using "prime" steel which has a 25%-35% post-consumer recycled steel content. Multimedia Lecterns ship fully assembled in one (1) carton.

ENVIRONMENTAL SPECIFICATIONS

Lecterns are constructed with "prime" steel which has a 25% to 35% post-consumer recycled content. All steel components are recyclable at the end of the product life cycle. Lectern's are certified to GREENGUARD Children & Schools Indoor Air Quality standards.
