

HERE™ RAIL SYSTEM

- ▶ Rail System features four layers of writing surface to maximize the use of presentation space. All boards and screens roll on track for easy movement.

HRDOUT Outboard Porcelain Dry Erase Board / 30" w x 40" h (76 x 102cm).
HRDE3040 Inboard Porcelain Dry Erase Board / 30" w x 40" h (76 x 102cm).
HRS65M Rigid Projection Screen / 72" w x 72" h (183 x 183cm).

A HIGHER FORM OF FUNCTION

BRETFORD

HERE™ RAIL SYSTEM

KEY FEATURES

Four layers of writing surface maximize the use of presentation space:

- First Layer - Write-On Dry Erase Wall Covering
- Second and Third Layer - Inboard surfaces on rail
- Fourth Layer - Outboard surfaces on rail

Patented, innovative 90° rail corners allow boards and screens to roll around corners from wall to wall.

Inboard surfaces are double sided and are available in porcelain dry erase or fabric tackboard (one side is always porcelain dry erase).

Boards on the inside tracks can be easily removed, flipped and shared between rooms.

Rigid Screen mounts on outboard rail and has spring tilt assembly to eliminate keystoned visuals.

Recessed gravity paper grip holds loose papers anywhere along the top of the rail to display.

All boards and screens roll on track for easy movement.

Optional marker trays attach without tools and keep writing materials close at hand.

Optional magnetic flip chart holder attaches easily to any board's dry erase surface for optimum flexibility.

DIMENSIONS

RAIL SYSTEM BOARD
 WIDTH
 30", 40" (76, 102cm)
 HEIGHT
 40" (102cm)

RAIL SYSTEM PROJECTION SCREEN
 WIDTH
 60", 72" (152, 183cm)
 HEIGHT
 60", 72" (152, 183cm)

CONSTRUCTION

TRACK

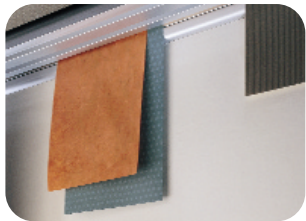

Aluminum extrusion, in two parts, joined during installation to conceal all hardware. Both top and bottom rails come in 8' sections.

OUTBOARD DRY ERASE BOARD

Outboard is available in a 30" x 40" size with a porcelain dry erase surface.

INBOARD DRY ERASE BOARD

Inboard is available in a 30" x 40" size or 40" x 40" with porcelain/porcelain or porcelain/tackboard.

Recesses gravity strip in top rail grips papers for display during presentations.

Write-on Dry Erase Wall Covering plus 3 layers of presentation boards provide flexibility and mobility.

Innovative rail and corners allow boards and screen to roll from wall to wall around 90° corners.
