

BRETFORD BASICS™

CONNECTIONS CLASSROOM DESKS

The Connections Classroom Desks provide maximum user comfort, attractive design, and sturdy construction. Desks feature a modesty panel that runs the width of the table and adjustable floor glides or 4" casters.

FEATURES

- Available in one or two student desks in a variety of lengths and depths which support a variety of classroom activities and curriculum.
- Available with 4" casters which allow the classroom to be reconfigured quickly and easily by the instructor or by the students. Tables with casters provide an ideal desk for small student teaming or group project work.
- Welded book bag hooks (two per table) keep backpacks and other bags off the floor and out of the aisles.
- Height adjustable work surface allows you to set up your classroom for children or adults programs. Work surface adjusts in one inch increments from 24" to a 32".
- Laminate desk top is 1" thick and trimmed with a T-mold edge band that attaches along the entire perimeter of the table top. Laminate MDF substrate contains an average 70% recycled content.
- Tops feature metal threaded inserts on the underside to attach the leg assemblies to for a metal to metal connection that adds strength and greatly reduces the possibility screws will strip or fall out over time.
- Heavy duty 14-gauge sturdy steel base is constructed with an average of 30% post-consumer recycled steel and features a unique "Y" shape design.
- Complies with the GREENGUARD Environmental Institute's GREENGUARD Children & Schools Indoor Air Quality standards, contributing to points toward Leadership in Energy and Environmental Design (LEED) Certification.
- Steel rear modesty panel runs the width of the desk and extends down 9" to provides privacy.
- Available in Wild Cherry or Grey Mist laminate and the base is finished in Black or Grey Mist powder paint. Special order laminate and paint finishes available.
- Optional 4" high book box mounts to the underside of the work surface to hold books and papers and features an indent for pencils or other small items.

CD3526C-__	109 lbs, ships 70 Truck, 78"l x 33"d x 6-1/4"h

All ship ready to assemble in one carton pack, some models are able to ship via UPS.

SUGGESTED SPECIFICATIONS

All desks are height adjustable from 24-32" in 1" increments for use by children or adults. Top is made from 1" thick laminate furniture board, 45-pound density. Metal threaded inserts are installed into the underside of each top so the base is attached with a metal to metal connection. Modesty panel runs the width of the table. On the 72"w desks, a 1"-square 18-gauge tube connects beneath the surface and runs across the length of the table between leg assemblies for added strength to the work surface. The legs are constructed from 14-gauge steel and modesty panel is constructed from 20-gauge steel. Each leg has a 2" long book bag hook welded to the front half. All steel components are constructed with "prime" steel which has a 25% to 35% post-consumer recycled content. Tables are GREENGUARD INDOOR AIR QUALITY CERTIFIED®. Desks comes with choice of adjustable leveling glides or 4" industrial casters. Two casters have locking brakes.
