UNIVERSAL LARGE FLAT PANEL WALL MOUNT

FPLM-ARM-AL Universal wall mount is width and height adjustable to fit the mounting holes on most 46" to 61" diagonal flat panel monitors up to 170 lbs.

NOTE: Metal wall studs are never suitable for mounting a monitor of any size. Always use a professional installer. Warranties are void when improperly installed.

FEATURES

- Extension mounting arms are width and height adjustable to fit the mounting hole pattern on most 46" to 61" diagonal flat panel monitors up to 170 lbs. Your monitor's mounting hole pattern must be 310mm wide by 200mm high or larger.
- Monitors may be switched from portrait to landscape format without the use of tools by simply turning the monitor on the mount.
- Features a 0° to -15° forward tilt adjustment.
- Heavy duty arms allow you to pull the monitor out from the wall, up to 16-1/2" and pivot the display left or right up to 45° for best viewing angle or for easy access to rear cable inputs.
- Constructed from cast aluminum.
- Designed for installation to 16" centers, wood stud mounting hardware included. Other forms of installation will require the purchase of additional hardware appropriate for the type of wall structure the mount is attached to. Always use a professional installer when mounting a monitor to the wall or ceiling.
