

Metropolitan™ Transit Seat

Superior comfort, contemporary styling, ease of maintenance.
Combining contemporary design, tested durability and comfort
with a variety of options and patented features, the new
METROPOLITAN can be tailored to fit your specific needs.

High-strength thermoplastic
back panel with recessed
areas for knee clearance and
comfort. Patented bubble crash
pad is standard for safety.

Pre-formed, fire-resistance,
molded fiberglass shell provides
color consistency, maximum
strength and minimum weight.

Color-coordinated molded
fiberglass inserts with quick
release for easy maintenance.

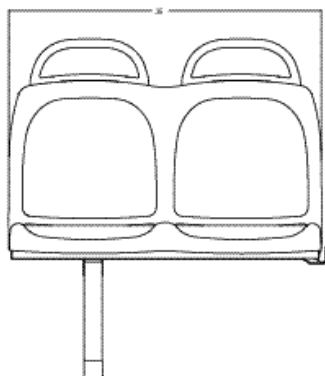

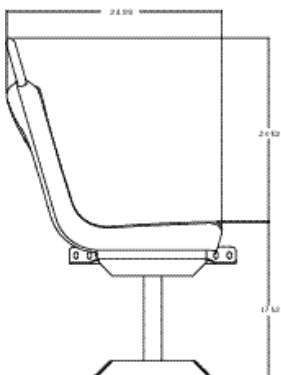

Rivetless attachment of
shell to frame eliminates
snagging, cracking
hazards and facilitates
shell replacement.

Waterfall seat
front edge provides
passenger comfort.

High-strength, fatigue resistant,
welded steel frame with durable
powder coat finish.

Metropolitan™ Transit Seat

Unsurpassed Quality Through Superior Design and Testing

American Seating performs extensive testing in the industry's largest and most complete test facility. This testing, along with our desire for innovation, assures our customers of consistent high quality products. At American Seating, materials and assemblies must continuously meet demanding standards in the following areas:

- tensile strength
- color fastness
- flammability and fatigue resistance
- vibration
- impact
- corrosion and abrasion
