

**MR 2 Construction Waste Management (NC, Schools, CI) 1-2 points**

Recycle and/or salvage non hazardous construction and demolition debris.

*All American Seating packing material is 100% recyclable.*

**MR 3 Materials Reuse (NC and Schools) 1-2 points**

Use salvaged, refurbished, or reused materials which constitutes 5-10% of project cost.

*When involved with a major renovation, American Seating's products can be removed from the building, refurbished, and reinstalled towards the end of a renovation. The high quality components can allow a chair to look like new for more than 50 years.*

**MR 4 Recycled Content (NC, Schools, CI) 1-2 points**

Use products with a recycled content of 10% or 20% based on weight.

*American Seating standard product shown far exceeds 20% recycled content by weight. See reverse.*

**MR 6 Rapidly Renewable Materials (NC, Schools, CI) 1 point**

*American Seating can provide accessories such as end panels, armrests, and decorative plywood ends that contain rapidly renewable resources such as bamboo and cork.*

**MR 7 Certified Wood (NC, Schools, CI) 1 point**

*American Seating can provide FSC Certified wood for all structural plywood, decorative plywood, and solid wood components accompanied with a complete chain of custody certificate tracing the wood back to the forest from which it was harvested.*

**IEQ 4.4 Low Emitting Materials – Composite Woods and Agrifiber Products (NC, Schools, CI) 1 Point**

*With the purchase of wood back products, tablet arms and laminate end panels, American Seating can provide structural curved and regular plywood components which do not contain added urea formaldehyde resins.*

# RECYCLE INFORMATION

## Product Options
