

frisch wine dresser

honduran mahogany, tiger maple

Ideal for entertaining guests, this buffet-height cabinet is designed to elegantly display wine bottles within its drawers while housing liquor below. Hellman-Chang's distinctive three-piece "floating" design allows the top surface and cabinet to float within an outer frame. Hand-cut dovetails and mortis-and-tenon joinery are refined details that are the foundation of uncompromised craftsmanship.

38"H | 36"W | 26"D
