the **M** collection

**Design:** Joël Dupras **Keyword:** Modular

To store all accessories and products out of sight: such is the concept of M furniture. Total relaxation is only possible within a minimalist environment.

The modular elements endow the collection with great flexibility, as they can be deployed in many dimensions. By combining vanity, mirrored, storage and linen cabinets in various sizes, one can easily create a custom bathroom, according to the available space and storage needs. Imbued with a Japanese-like spirit, the pure and elegant M collection emphasizes sobriety with geometrical lines, hidden handles and integrated lighting. The quality of the cabinetwork finish, e.g. bevelled edges on the front face, or the inner pull-out drawer, only add to its timeless elegance.

The M collection is available in various finishes and colors: oak veneer (natural, white, wenge, white-washed and grey-washed), walnut veneer (natural or chocolate), all soft to the eye and to the touch. For a more high tech look, it can be lacquered in white or anthracite. The drawer boxes are in solid dovetailed maple. The structure is made with panels composed of high-density select fiberboard. A coating used for boat decks is used to make the oak and walnut veneer water and steam resistant.

**Joël Dupras**

**Furniture designer**

Born in 1980

Joël Dupras studied graphic design before joining Visu, a family business manufacturer of up-market furniture, where he is the head of research and development. He designs furniture lines for the bedroom and the dining room. He also developed a comprehensive expertise in designing home modular storage elements. His furniture collections are sold in over 200 stores in North America.

In 2008, Joël Dupras founded the firm Joël Dupras Designer (JDD) and created Como, a complete array of bedroom furniture for lifestyle hotels manufactured by Foliot Furniture. Como is an all-in-one ensemble comprised of a secretary, a mini bar, an audio-video entertainment center and a bed with an interchangeable headboard. It generated strong interest at the professional Hospitality Design show in Las Vegas. The collaboration between JDD and Foliot Furniture will continue in 2009, with the collection Noto.

Joël Dupras is wholly focused on simple shapes, balanced proportions and functionality. His minimalist approach—far from being cold—provides visual and tactile pleasures.

## the M collection

The **vanity**, with slow closing ball-bearing drawers, an inner pull-out and storage divider, is provided in two heights. The vanity fits all lavatories and vessel sinks in the various WETSTYLE collections.

- **Wall-mounted models:** 10 in. and 18 in. height
- **Floor model:** 19 ½ in. height
- **Depth:** 22 in.
- **Length:** 24 in., 36 in., 48 in. and 60 in.

The **mirrored cabinet** is closed with a door mirror. Two optional LED lamps, hidden on the top and base, provide atmospheric lighting.

- **Height:** 19 ⅛ in.
- **Depth:** 4 ¾ in.
- **Length:** 22 in., 34 in., 46 in. and 58 in.
- Two adjustable star-fire glass shelves

The **storage cabinet** with a sliding door is fixed onto the wall, between the sink countertop and mirrored cabinet, or within reach of the bathtub.

- **Height:** 6 in.
- **Depth:** 4 ½ in.
- **Length:** 22 in., 34 in., 46 in. and 58 in. In its 58 in. version, the storage cabinet is equipped with two sliding doors.

The **linen cabinet** is designed to be suspended, in order to free ground space and provide an uncluttered visual environment.

- **Height:** 60 in.
- **Depth:** 12 in.
- **Width:** 16 in. and 27 in.
- Five adjustable shelves
- Small mirror located on the back of the door

The **M Collection** is complemented with storage furniture for the Cube bathtubs. It comes equipped with four niches or two shelves with an optional double-swing door. The furniture appears to be built into the bathtub, but this is a visual illusion created by the continuity of the veneer on the bathtub wall.

- **Length of facade:** 60 in.
- **Width:** 32 in.
- **Depth:** 12 in.
- **Height of the facade panel:** 20 in.
- **Thickness:** 4 in.
