- *Does not require concrete foundation*
- *“Green” design burns fire more efficiently*
- *3 standard sizes available 30” h x 36”, 42”, or 50” w*
- *Style Coordinates With All IRONHAUS Products*

IRONHAUS is proud to present **THE TETON**, a revolutionary approach to the traditional fireplace. In the past, the options for a wood burning fireplace have been either a very expensive all masonry fireplace, or a low quality premanufactured fireplace. Our system integrates the **ease of installation** and value of a premanufactured firebox and real firebrick liner with **handcrafted fireplace enclosures**. Options include a builder flange to accommodate for depth of rock, choice of herringbone or stacked firebrick, and glass or mesh. Many **upgrades** are available.

The Teton - Features

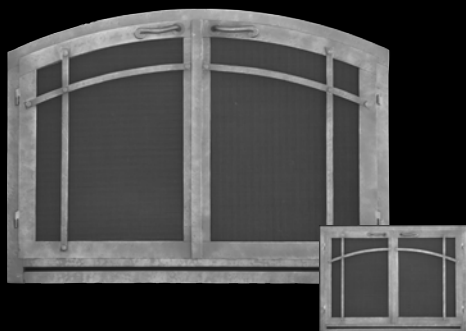

Real Herringbone or Stacked Firebrick
Masonry Liner Available in Warm Red
or Ivory Buff

How to Order:

- 1) Determine size, brick pattern and door design
- 2) Choose handle, finish and outflange.
- 3) Verify install and venting requirements with your dealer or builder.
- 4) Place order with dealer or online at www.ironhaus.com.

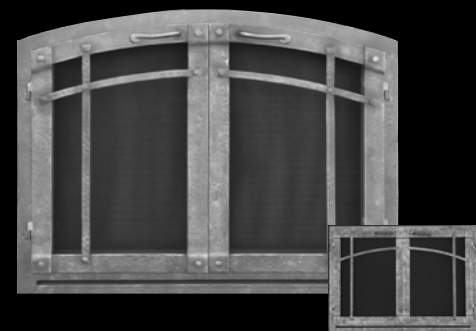

Choose from 9 different styles & match styles to other IRONHAUS fireplaces in your home!

Builder & Outdoor Fireplace Options

PIONEER OPTION

The same features as **THE TETON** system with your choice of herringbone or stacked brick **refractory panels** in the firebox interior. **THE PIONEER** price includes unit and enclosure, builder flange to accommodate for depth of rock, along with your choice of glass or mesh. Many **upgrades** are available including finish texture, neoceram glass, inset mesh, and standard or custom designed embellishments.

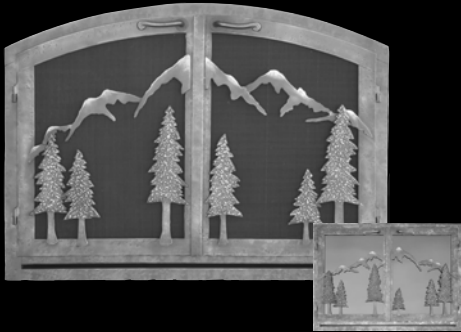

Pioneer Refractory Panel Options

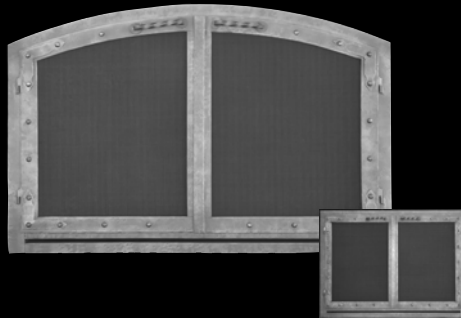

WILDERNESS OPTION

The same features as **THE TETON** system in **stainless steel** for outdoor applications. **THE WILDERNESS** outdoor option is only available in stacked real brick interior. Price includes unit and enclosure, builder flange to accommodate for depth of rock, with your choice of glass or mesh. Many **upgrades** are available including finish texture, neoceram glass, inset mesh, and standard or custom designed embellishments.
