Chela Seating, with Flex Motion.

Designed by Lucci Orlandini Design

Commissioned by VERSTEEL to design the Chela chair for the conference and training markets, Roberto Lucci and Paolo Orlandini have an extensive design background. Based in Italy, their design partnership started in 1968. Since then the two have designed over 250 products which have been or are now being regularly manufactured and sold in large quantities throughout the United States and Europe. Among the design team's projects are office chairs and sofas for manufacturers such as Versteel, Thonet and Knoll, office furniture for Mascagni, Ora-Vinco and Knoll, as well as kitchen units, household appliances, lamps, television sets, boats, and children's products. With their designs in the collections of the **Museum of Modern Art, New York**, the **Centre National D' Art Contemporain of the Louvre in Paris**, the **Museum of Contemporary Art in Chicago**; having exhibited at the **Museum of Art and Industry in Hamburg**; and the **Chicago Athenaeum** among others, the design team is much respected throughout the design world.

Chela. Comfortable, versatile and desirable seating for work and rest. Contact your VERSTEEL Representative to discuss the Chela chairs you want.

CHELA® WITH FLEX MOTION PROVIDES AN ERGONOMIC EDGE.

Chela seating from *Versteel*® unites a steel frame with a molded shell of resilient, flexible, polypropylene resin. The seat and back move in harmony, creating an ergonomic experience that is both supportive and comfortable. Chela is offered in a variety of frame styles including sled base, swivel, guest and stools. A satin textured shell is available in 11 colors with multiple upholstery selections, while the frame is offered with a powder coat or chrome finish.

By Lucci Orlandini Design, exclusively for Versteel.

CHELA WITH FLEX MOTION PROVIDES AN ERGONOMIC EDGE.

Chela seating from VERSTEEL is available in an abundance of models to accommodate your project. Chela Beam conforms to common areas while sled base versions are the perfect choice for maximum density and stacking. No matter which style you choose, Chela will be an asset to your workspace with ergonomic Flex Motion design engineered into every chair.

SHELL Available in 11 standard colors. Matching seat shells and armcaps are impregnated with color during the molding process for an even hue. **UPHOLSTERY** Add comfort, color and texture. Choose fabric from a Versteel standard card (Momentum or CF Stinson), our grade-in list or select a COM. **FRAME** Durable finishes and coordinated spaces. The standard offering includes 33 powder coats, chrome or nickel plate that coordinate with other Versteel items, including tables and auxiliary products. **ALTERNATIVES** Go beyond the standards. If your time and budget allow, anything is possible by creating custom palettes of shell colors and powder coats.

AVAILABILITY **L** **LA** **S** **SA** **C** **CA** **G** **GA** **BL**

4-LEG GUEST, SLED BASE, SWIVEL BASE, STOOLS AND BEAM SEATING. REFER TO THE VERSTEEL SEATING PRICE LIST FOR COMPLETE SPECIFICATIONS AND AVAILABILITY, BUT BE SURE TO CHECK WWW.VERSTEEL.COM BECAUSE WE'RE ADDING NEW FEATURES ALL THE TIME.

ERGONOMICS Get comfortable with Flex Motion. A molded, satin textured shell that floats and flexes with a user's natural movement for maximum comfort. **CHOICES** There's a Chela chair for your application. Conference, training and hospitality are only a few of the many scenarios that Chela is suited for. **ACCESSORIES** Enhance for task-specific applications. Send your Chela to school or around the block with book baskets, tablet arms and casters. **FINISHES & MATERIALS** Frame finishes, upholstery and shell colors. While combinations from Versteel standards programs seem limitless, an optional customization program is limitless.
