SIMON® IS SEATING IN MOTION®.

SIMON seating from *Versteel*® incorporates the proven comfort of Flex Motion with a frame design that echoes the TOD™ table. Coordinated and time-tested Versteel finishes can be specified for SIMON and TOD to create perfect companions for training and working environments. Nested or stacked for storage, SIMON provides design flexibility for your multi-tasking applications.

By Lucci Orlandini Design, exclusively for Versteel.

TOD'S BEST FRIEND.

SIMON® IS SEATING IN MOTION®.

SIMON seating from VERSTEEL is designed to coordinate and complement the TOD training table with both function and style. SIMON construction echoes many of the visual styling and engineering cues of TOD, creating visual unity and purpose when specified together. Body-following Flex Motion, nested storage and multiple material options are but a few of the standard SIMON features.

By Lucci Orlandini Design, exclusively for Versteel.

TOD'S BEST FRIEND.

- PS

SHELL Available in 12 standard colors. Matching backs, seats and armcaps are impregnated with color during the molding process for an even hue. **WOOD** For timeless style and warmth. Maple backs are available in 10 standard finishes or a custom stain finish match. **UPHOLSTERY** Add comfort, color and texture. Choose fabric from a Versteel standard card (Momentum, CF Stinson and Mayer), our grade-in list or select a COM. **FRAME** Durable finishes and coordinated spaces. The standard offering includes 33 powder coats that coordinate with other Versteel items, including tables and auxiliary products. **ALTERNATIVES** Go beyond the standards. If your time and budget allow, anything is possible by creating custom palettes of shell colors and powder coats.

AVAILABILITY

4-LEG CHAIR AND 2 STOOL HEIGHTS; CHAIRS WITH INTEGRATED FLEX MOTION. REFER TO THE VERSTEEL SEATING PRICE LIST FOR COMPLETE SPECIFICATIONS AND AVAILABILITY, BUT BE SURE TO CHECK WWW.VERSTEEL.COM BECAUSE WE'RE ADDING NEW FEATURES ALL THE TIME.

ERGONOMICS Get comfortable with Flex Motion. The seat and back have been designed to float and flex with a user's natural movement for maximum comfort. **CHOICES** There's a SIMON chair for your application. Conference, training and hospitality are only a few of the many scenarios that SIMON is suited for. **ACCESSORIES** Enhance for task-specific applications. Of course, the perfect SIMON accessory is the TOD (Training On Demand®) table. **FINISHES & MATERIALS** Frame finishes, upholstery and shell colors. While combinations from Versteel standards programs seem limitless, an optional customization program is limitless.

SIMON Seating, with Flex Motion.

Designed by Lucci Orlandini Design

Commissioned by VERSTEEL to design the SIMON chair for the conference and training markets, Roberto Lucci and Paolo Orlandini have an extensive design background. Based in Italy, their design partnership started in 1968. Since then the two have designed over 250 products which have been or are now being regularly manufactured and sold in large quantities throughout the United States and Europe. Among the design team's projects are office chairs and sofas for manufacturers such as Versteel, Thonet and Knoll, office furniture for Mascagni, Ora-Vinco and Knoll, as well as kitchen units, household appliances, lamps, television sets, boats, and children's products. With their designs in the collections of the **Museum of Modern Art, New York**, the **Centre National D' Art Contemporain of the Louvre in Paris**, the **Museum of Contemporary Art in Chicago**, having exhibited at the **Museum of Art and Industry in Hamburg**; and the **Chicago Athenaeum** among others, the design team is much respected throughout the design world.

SIMON. Multi-task with comfort, specify with style. Contact your VERSTEEL Representative to discuss how SIMON seating can improve your day.
