

2D & 3D autocad templates available online at www.arcadiacontract.com.

GUEST AND BARIATRIC CHAIR PRODUCT FEATURES:

- › Beech hardwood frame.
- › Open arm, panel arm and armless models.
- › Two arm cap options: Beech wood or black urethane.
- › Field-replaceable arm caps featured on open arm models only.
- › All standard and custom wood finishes available on Beech.
- › For custom wood finishes, please add \$210 List per color per order.
- › Bariatric settee available in two sizes.
- › All models feature passive flex back capability.
- › Non-skid glides available for hard surface floors. Refer to individual pages for specification information and pricing.
- › Optional replaceable seat and back cover available. Refer to individual pages for specification information and pricing.

PATIENT CHAIR AND HIP CHAIR PRODUCT FEATURES:

- › Beech hardwood frame.
- › Open arm and panel arm models.
- › Two arm cap options: Beech wood or black urethane.
- › Field-replaceable arm caps featured on open arm models only.
- › All standard and custom wood finishes available on Beech.
- › For custom wood finishes, please add \$210 List per color per order.
- › All models feature passive flex back capability.
- › Non-skid glides available for hard surface floors. Refer to individual pages for specification information and pricing.
- › Optional replaceable seat and back cover available. Refer to individual pages for specification information and pricing.

TANDEM SEATING PRODUCT FEATURES:

- › Beech hardwood frame.
- › Available in two and three-seat combinations or as reconfigurable modular units.
- › Two and three-seat preconfigured combinations available with or without center legs as well as with or without center arms.

TANDEM SEATING PRODUCT FEATURES (CONTINUED):

- › Open arm and panel arm models.
- › Two arm cap options: Beech wood or black urethane.
- › Field-replaceable arm caps featured on open arm models only.
- › Bariatric settee available in two sizes.
- › All models feature passive flex back capability.
- › In-line bench seats offered in two sizes.
- › Multiple sizes of end, in-line and corner tables available in Beech veneer or laminate.
- › All tops are 1¹/₄" thick with hardwood edge.
- › All standard and custom wood finishes available on Beech.
- › For custom wood finishes, please add \$210 List per color per order.
- › When ordering in laminate, specify laminate manufacturer, color and pattern number.
- › If standard laminate is specified, no upcharge (refer to Standard Finish Card).
- › If special laminate is specified, please contact Customer Service for pricing.
- › Non-skid glides available for hard surface floors. Refer to individual pages for specification information and pricing.
- › Optional replaceable seat and back cover available. Refer to individual pages for specification information and pricing.
- › **Note: Please include seating/table layout drawings or sketch with each order.**
- › Arcadia will pre-assemble units at the factory to maximize shipping allowances and minimize field assembly.

WEIGHT CAPACITY:

- › Guest Chairs 350 lbs.
- › Tandem Chairs 350 lbs. per seat
- › Tandem on Beam 250 lbs. per seat (no center leg models)
- › Bariatric Settee 750 lbs. (34" and 40" widths)
- › Hip Chair 350 lbs.
- › Patient Chair 350 lbs.

ARM CAP:

- › Radiused edges for smooth surface contact.
- › Finger-grip design for added stability.
- › Generously proportioned to provide greater support.
- › Field-replaceable arm caps featured on open arm models only.

FLEX BACK:

- › Featured on all models including bariatric sizes, patient chair and hip chair.
- › Passive flex-back motion provides long-term seated comfort.

CLEAN-OUT PORTAL:

- › Featured on all models including bariatric sizes, patient chair and hip chair.
- › Clean-out area between seat and back enables crumbs and debris to fall through for maintenance ease.

METAL SEAT FRAME:

- › Metal seat frame construction ensures durability and allows in-field component replacement as well as add-on capability for tandem units.

OPTIONAL REPLACEABLE UPHOLSTERY:

- › Available on seats and backs of all models including bariatric sizes, patient chair and hip chair.
- › Replacement seat and back covers can be easily field installed on previously ordered Haven models with standard fixed upholstery. Contact Customer Service for instructions.

ADDITIONAL STANDARD FEATURES:

- › Radiused edges.
- › Wall-saver leg design.
- › Microban® antimicrobial technology applied to wood finishing for inhibiting the growth of stain and odor-causing bacteria.
- › Two-tone upholstery combinations available. Please refer to page 35 for examples, yardage requirements and pricing.
- › For complete list of replaceable components, please refer to pages 39-42.

PRODUCT FEATURES:

- > Beech hardwood frame.
- > All models feature passive flex back capability.
- > Armless, open arm and upholstered panel arm models.
- > Two arm cap options: Beech wood or black urethane.
- > Field-replaceable arm caps featured on all open arm models.
- > All standard and custom wood finishes available on Beech.
- > For custom wood finishes, please add \$210 List per color per order.
- > All models feature clean-out area between seat and back.
- > Wall-saver leg design.

Connecting Tables Page 6
 In-Line Benches Page 11
 Bariatric Models Pages 15-18

To build tandem configurations, always specify units from left-to-right as facing. Starter units ("-ST") represent the first seating model in a configuration with subsequent modular units building onto them towards the right. Add-On units ("-AO") can only be added next to Starter units or other Add-On units. End-units ("-EU") represent the final seating model in a configuration. Center and corner tables are for in-line placement only (cannot start or end a configuration) and for specification purposes, will always come before a Starter unit or after an End unit (i.e. Add-On units cannot be specified next to connecting tables). End tables can only start or end a configuration, therefore they will always come before a Starter unit or after an End unit (i.e. Add-On units cannot be specified next to connecting tables).

PRODUCT FEATURES:

- › Reconfigurable modular units.
- › Specify models from left to right of required configuration (as facing).
- › Beech hardwood frame.
- › All models feature passive flex back capability.

Tandem Seating Pages 7-10
 Connecting Tables Page 6
 Bariatric Models Pages 15-18

To build tandem configurations, always specify units from left-to-right as facing.
 In-Line Bench models cannot start or end a run, i.e. they must be added to any Starter or Add-On seating unit.
 In-Line Bench models must be positioned next to modular chair units only (cannot be adjoined with another in-line bench or connecting table).

PRODUCT FEATURES:

- › Pre-configured tandem units.
- › Beech hardwood frame.
- › All models feature passive flex back capability.
- › Upholstered panel arm available. Please add "-PA" to model number and refer to page 4 for yardage requirements and pricing.
- › Two arm cap options: Beech wood or black urethane.
- › Field-replaceable arm caps featured on open arm models.
- › All standard and custom wood finishes available on Beech.
- › For custom wood finishes, please add \$210 List per color per order.
- › All models feature clean-out area between seat and back.
- › Wall-saver leg design.
- › Please refer to page 6 for connecting table options.
- › Models can be combined with reconfigurable modular units.

Connecting Tables Page 6
 Tandem Seating Pages 7-10
 In-Line Benches Page 11

Starter units ("-ST") represent the first seating model in a configuration with subsequent modular units building onto them towards the right.
 Bariatric Add-On units ("-AO") can only be added next to non-bariatric Tandem Seating Starter and Add-On units as well as In-Line Benches (two bariatric chairs cannot be adjoined together side-by side).
 End-units ("-EU") represent the final seating model in a configuration.
 Connecting tables can be positioned in any location and for specification purposes, will always come before a Starter unit or after an End Unit (i.e. Add-On units cannot be specified next to connecting tables).
 Center and corner tables are for in-line placement only (cannot start or end a configuration) and for specification purposes, will always come before a Starter unit or after an End unit (i.e. Add-On units cannot be specified next to connecting tables).
 End tables can only start or end a configuration, therefore they will always come before a Starter unit or after an End unit (i.e. Add-On units cannot be specified next to connecting tables).

PRODUCT FEATURES:

TWO-TONE UPHOLSTERY

UPHOLSTERY COMBINATIONS:

For fabric, vinyl or leather upholstery combinations, pricing will be based on the following:

- › When combining two COM or COL fabrics, price will be COM or COL plus 5%.
- › When combining two fabrics of the same grade, price will be specified grade pricing plus 5%.
- › When combining two different grades of fabric, price will be based on the highest grade specified.

TWO-TONE UPHOLSTERY EXAMPLES AND YARDAGE REQUIREMENTS:

Note: Yardage amounts are based on fabric which is plain (i.e. non-directional) and a full 54" wide.

Please specify appropriate upholstery code on order.
