

S4T

FORm_office™
Open Plan Trading System

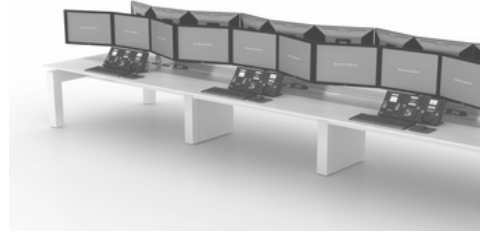

INNOVANT

FORm_office S4T

A Fresh Look for Trading

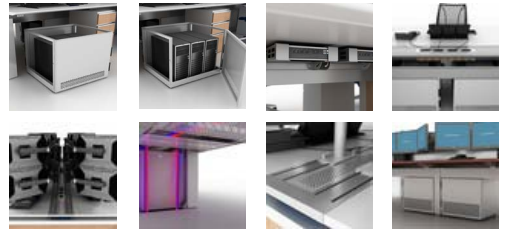

FORm_office S4T delivers refined aesthetics to trading desks with lighter technology demands than the FORm_trading series.

S4T Features and Design Details

Centralized CPU Containment

FORm_office S4 offers a wide array of features to maximize scalability, incorporate personalization, and simplify technology management.

S4T Configurations

From Trading Desk to Workstation

FORm_office S4T brings the planning flexibility of the FORm_office line to the trading environment. Thoughtful mid-channel storage above the desk combined with traditional millwork storage under the desk creates a more personalized trading position.
