

Name	:	Pipe
Design	:	Marcel Wanders
Description	:	<p>If we want a simple shower, we need a major system of big and small pipes to take the water from the lake to your house through the heater and finally through the shower over the body.</p> <p>Now it is not a shower, it is a waterfall, it is a thick stream of cleansing fresh water.</p>
Technical features	:	<p>shower plate in stainless steel AISI 304, satinised finish.</p> <p>Wall or floor-mounted version, with or without progressive ceramic cartridge mixer red handle.</p>
