## *Aton*

design Giuseppe Viganò, 2011

Aton, design Giuseppe Viganò, takes its origin from a concept characterized by the research of severity and essentiality. Marked and neat lines cross the volume through its stylistic wholeness and get into the architecture in a mix of comfort and elegance.

### **Night collection**

Variety is the word to define the collection: fifteen different proposals, fifteen ideas for the night area; functionality, design and emotions are joined together in beds with a strong personality. To complete the choice there are "dedicated" containers, coherent in style, along with one multipurpose serie, which can be freely combined. Conceived to really satisfy any resting requirements, this system includes also mattresses, pillow and complements.

### **Technical characteristics and finishings:**

Bed with structure in solid wood veneered in spessart oak and natural oak. Upholstered headboard in wood and by-products covered with polyurethane foam and covering in leather or fabric.

### **Dimensioni:**
