Night collection

Variety is the word to define the collection: fourteen different proposals, fourteen ideas for the night area; functionality, design and emotions are joined together in beds with a strong personality. To complete the choice there are "dedicated" containers, coherent in style, along with one multipurpose serie, which can be freely combined. Conceived to really satisfy any resting requirements, this system includes also mattresses, pillow and complements.

Arca

Arca bed, design Paolo Piva, 2003

Arca, design by Paolo Piva, a bed with multiple personalities. It has a classic solid frame, but can also be romantic and dreamy when covered in a valance. There are five different choices of the headboard, either high or low, and either can be finished in wood, fabric or leather. The Arca is a bed that can interpret many different styles, helping you to create the bedroom you have always dreamt of.
