

Night collection

Variety is the word to define the collection: fourteen different proposals, fourteen ideas for the night area; functionality, design and emotions are joined together in beds with a strong personality. To complete the choice there are "dedicated" containers, coherent in style, along with one multipurpose serie, which can be freely combined. Conceived to really satisfy any resting requirements, this system includes also mattresses, pillow and complements.

Dream

Dream bed, design Marcel Wanders, 2006

Dream, designed by Marcel Wanders. To simply call it a bed does not do it justice. It is a system that actually furnishes the resting area in an original and personalized way. A series of panels combine to create a headboard that can be customized in different fabrics and colors. The bed has an upholstered structure, using the fabric of choice. The night table transforms from a unique storage container into a pouf simply by just turning the cover.

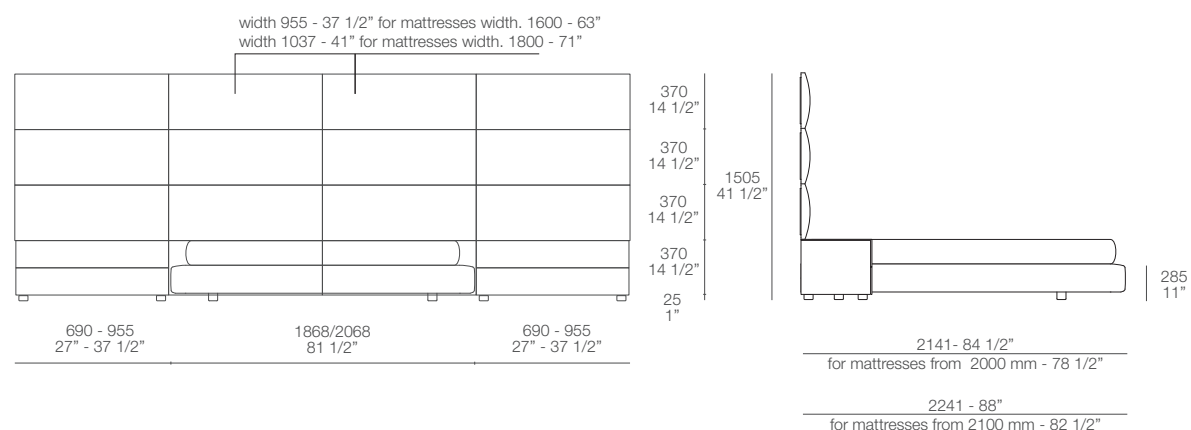

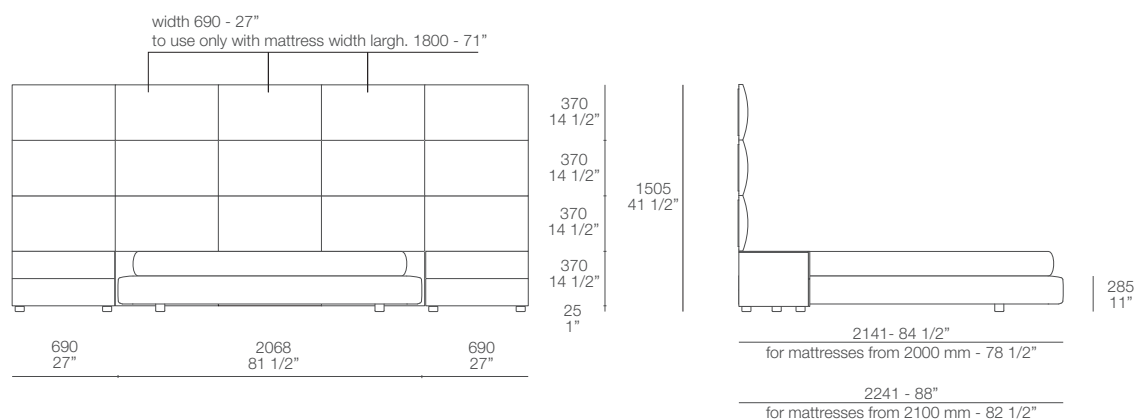

Technical characteristics and finishings:

Bedframe and headboard with removable cover in fabric, eco-leather and leather. Upholstered wall panelling with cover removable in fabric and eco-leather and not removable in leather.

Dream

Dream bed, design Marcel Wanders, 2006

Dimensions:

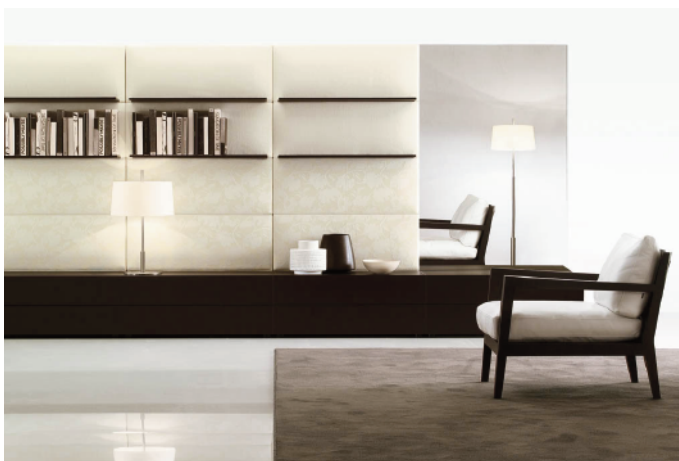

Queen size mm 1792 x 2173
inch 70 1/2" x 85 1/2"
