

THINKFABRICATE

Stepping Wood Grain Chair and Ottomans

Like chocolate and caramel with a cherry on top, we think walnut and bamboo goes perfectly with a cherry-colored end cap. Rich wood tones and velvety smooth curves make this chair a delight!

Walk along the path of playful exploration of volume and surface, shape and form with our **Stepping Stones** collection. Functional cutouts emulate the forms of stepping stones and lead you to better organization. The credenza, bench, and chair in this group each provide a colorful way to incorporate storage into functional pieces.
