

# Monogram® 30" Fully Integrated Wine Refrigerator

Model# ZIW30GNZII

- Integrated, panel-ready design - Blends seamlessly with surrounding cabinetry and accepts stainless steel European- or Professional-style panels in 80- or 84-inch heights, ordered separately from Monogram
- Two-zone upper compartment - Allows you to create separate temperature-controlled zones (each variable from 40°F to 65°F) to match your wine storage needs, whether it's keeping red and white wines at optimum serving temperatures or allowing some bottles to age while also having ready-to-drink options on hand
- Convertible lower drawer - With independent temperature controls can be used to store fresh food, frozen foods, wine or beverages
- GE unveils first HFC-free refrigerator in the U.S. - To use a R600a refrigerant, which has a lower global warming impact than ozone-depleting hydrofluorocarbon (HFC) refrigerants commonly used in household refrigerators
- Freezer drawer with electronic icemaker - Includes a removable ice bin and scoop and accommodates everyday freezer items, such as pints of ice cream
- Storage for up to 106 wine bottles - Possible when wines are also placed in the refrigerator's lower convertible drawer
- LED interior lighting - Gradually brightens and dims when door or drawer is opened and closed, providing clean white illumination that's both attractive and energy-efficient. Side and top lighting in the upper compartment enhances visibility
- Soft-close, full-extension wine racks - Provide smooth and easy access to wine bottles
- Illuminated, electronic glass-touch controls - Make it easy to adjust interior lighting, temperature (Fahrenheit
