ASSEMBLY INSTRUCTIONS

SWAN TABLE LAMP

Item 84-T
Designed by Adam Pollock

**You may put up to a maximum of a 60-watt bulb.
We recommend using a CLEAR T-10 tubular style bulb for the best lighting effect.**

SAFETY INFORMATION

SAFETY

We have designed your lamp to meet the highest **UL and CUL** safety standards.

This portable lamp has a polarized plug (one blade is wider than the other) as a feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

CARE

Metal shade . . .

You may remove dust with a feather duster as needed.
