

*A touch of home for any  
healthcare environment.*

LOUNGE SEATING

## DESIGN INSPIRATION

Healthcare visits are often hectic and stressful for both patients and their families. One of the primary needs we all have is the need for comfort, and it's often hard to find within healthcare environments. Asana™ lounge seating is an elegant solution for providing the comfort of home in waiting rooms, consultation rooms, patient rooms, and lounges on the inpatient floor. The contemporary design features soft “rolled” upholstered arms, welting accents and an overall look that is open and inviting. The entire line includes a single chair and a two- and three-seat lounger.

## FEATURES AND BENEFITS

**ELEGANT** Completely upholstered with a rolled arm design.

**STYLISH** Welting accents on the chair front, back and arms help define the contemporary design.

**ACCOMMODATING** Open area under the seat front provides space for users to plant their feet for more leverage when exiting the chair.

**CLEANABLE** All models feature a generous clean out space between the seat and back for easy cleaning.

**CHOICES** Additional options include a moisture barrier and contrasting fabrics on the seat and back.

**WARRANTY** Asana lounge seating features a lifetime structural warranty.
