designed for multiple applications.*

FAMILIES OF SEATING

DESIGN INSPIRATION

The Malibu™ seating collection successfully marries function with a comprehensive array of design options. With a complete line of seating and occasional tables – including lounge, bench, and tandem styles – Malibu features over 25 different models. Constructed from hardwood maple, Malibu seating supports high-traffic environments in style. Its flexible design happily accommodates different spatial and user requirements, from larger scale hospitality spaces to smaller, more intimate room footprints.

FEATURES AND BENEFITS

DISTINCTIVE Contrasting fabrics can be specified on an individual unit. Seat and back cushions also feature welt detail for an added finish.

COMFORTABLE Lounge chair, loveseat and sofa offer extra cushioning and larger seat area for additional comfort.

CLEANABLE Designed with space between seat and back for easy cleaning in high-traffic areas.

RENEWABLE Field-replaceable covers and components.

COMPREHENSIVE Seating line includes chair, two-, three- and four-seat tandem, loveseat, bench and sofa, as well as coordinating freestanding and ganging tables – 25 different models available in all.

OPTIONS Malibu offers four arm styles: open wood arm, upholstered arm panel, woven fabric arm panel with 1.5" woven cotton strapping and woven solid maple strips.

DURABLE Frame is built from hardwood maple. Long-wearing plastic arm caps are also an available option on tandem seating.

MALIBU TOO™ SEATING

A slim-line version of the Malibu lounge collection, Malibu Too features a higher back design that delivers excellent lumbar and neck support for added comfort. Unique arm options may be specified. Available in patient and tandem seating models with hideaway ottoman optional.

RECLINER SEATING

The Malibu recliner provides comfortable, full-body support and nicely complements the Malibu seating product line. Upholstered back features a three-position, wallsaver reclining mechanism – unit requires only 3.5" of clearance between the wall and chair back. Arms are upholstered and may be specified with maple arm caps. Legs are constructed of hardwood maple with nylon glides standard and casters available as an option. Seat has a removable upholstered cover. A flip-up side table can also be specified on either side of the recliner.

TABLES

Freestanding and ganging tables are available in multiple shapes and sizes with laminate or wood surfaces. Woven fabric storage shelf and interport power module are among the unique options available in the Malibu line. Tables feature a stylish chamfer profile edge. Frames are constructed from hardwood maple.
