

MITRA

*Smart. Slim. Strong.  
Design with an energetic curve.*

FAMILIES OF SEATING

## DESIGN INSPIRATION

The Mitra™ family of seating is an elegant line that provides comfortable solutions for a myriad of health-care environments – including waiting rooms, patient rooms and lounges on the patient floor. The Mitra family features a slim design that incorporates an energetic curve – adding a unique aesthetic to any environment. Underneath this sleek appearance are a durable structure and a level of comfort that's sure to impress.

The extensive Mitra line includes one-, two-, and three-seat arm chair, bariatric, patient high-back, one-, two-, and three-seat lounge, and recliner models and coordinating freestanding leg and drum tables.

## FEATURES AND BENEFITS

**SLIM, YET STRONG** Structural steel and steam bent hard maple frame of the arm chairs creates durability within a slim design. The slim design is carried throughout the entire family.

**USER-CENTRIC** Maple arms and arm caps feature a reverse bevel and overhang the legs to provide a comfortable grip for ease of entry and exit from the chair.

**COMFORTABLE** Active webbed seat suspension provides added comfort through even weight distribution.

**CLEANABLE** Arm chairs and lounge chairs feature a generous clean out space between the seat and back for easy cleaning.

**RENEWABLE** All components are field replaceable.

**CHOICES** Additional options include a moisture barrier, plastisol arm caps and contrasting textiles on the seat and back.

**WARRANTY** The Mitra family of seating features a lifetime structural warranty.

#### **GUEST SEATING**

Mitra guest seating incorporates slim, steam bent curves with structural inner steel frames for the best combination of strength and beauty for healthcare environments. An elegant addition to any public waiting area, Mitra guest seating is available in one-, two-, and three-seat modules.

## **BARIATRIC SEATING**

Mitra bariatric seating incorporates the same slim design as the guest seating, providing support and dignity by seamlessly integrating into a complete Mitra solution within any environment. The bariatric chair is available as a single chair or as part of a three-seat module that consists of a bariatric chair connected on both sides to standard width single arm chairs.

## **LOUNGE SEATING**

Mitra lounge seating expands the exciting styling cues of the Mitra family to areas requiring larger scale furniture. Featuring maple bases and the option of upholstered, maple, or plastisol arm caps, Mitra lounge is available in one-, two-, and three-seat versions. It's an exceptional solution for any healthcare environment that can benefit from the comfort and residential feel of lounge seating.

#### **PATIENT SEATING**

Mitra patient seating features active webbed seat suspension and a high back that provides outstanding comfort and back support. The arms overhang the legs, creating a comfortable grip for ease of entry and exit from the chair. With its slim, elegant design, Mitra patient seating is an outstanding solution for patient rooms and family lounges on the patient floor.

#### **TABLES**

The Mitra tables are designed to complement the Mitra family of seating and are available in two unique styles. One, a classic leg style designed with the same energetic curve of the arm chairs. The other, a solid drum-like structure with a metropolitan feel. Available in round, oval, square and rectangular shapes and a variety of finishes, the tables help add the finishing touch to any healthcare environment.

## RECLINER SEATING

The Mitra recliner is built with the same elegant styling as the rest of the Mitra family. The backrest operates independent of the rest of the recliner and features infinite stops, allowing the user ultimate flexibility in selecting the most comfortable reclining position. To accommodate sleeping, the Mitra recliner can adjust to a completely flat position. It's the perfect solution for any healthcare environment in need of a cozy recliner.

### SLEEPER SEATING

In any patient room, the smart use of space is a priority – and products that can do double-duty are a true necessity. Mitra sleeper seating certainly fits the bill. This attractive and practical addition to any healthcare environment cleverly converts to a sleeper, enabling a family member to remain nearby...around the clock. Mitra sleeper chairs correspond to the curved styling of all Mitra seating for a unified appearance across public and private spaces.
