

ORCHID

*Never compromising elegance and beauty
for the comfort you deserve.*

RECLINER SEATING

DESIGN INSPIRATION

Comfort meets luxury in the Orchid™ recliner. Orchid represents contemporary, European design with exceptional functionality. With sophisticated, residential styling, the Orchid recliner easily integrates into diverse healing environments such as patient rooms, day surgery treatment and recovery rooms, caregiver lounges and visitor waiting areas. Orchid's one piece seat and back incorporate contour membrane suspension technology – providing adaptive support for a wide variety of body types and sizes, and comfort for sitting or sleeping. Elegant, dynamic, beautiful. Orchid lives up to its name.

FEATURES AND BENEFITS

SUPPORT Seat cushion and high back incorporate contour membrane suspension technology to provide adaptive support for various body types.

USER-CENTRIC Users select from three positions: upright, mid-recline and full-recline. Each providing a different level of comfort.

INTUITIVE Reclining mechanism is body-weight activated, eliminating the need for “clunky” levers.

STRENGTH Frame is constructed of welded steel.

REFINED Complementing the clean lines, solid maple arm caps and legs add to the Orchid recliner's simple elegance.

SAFETY The integrated foot rest eliminates the pinch points associated with typical segmented leg rests.

COMFORT Headrest pillow can be repositioned to enhance long-term comfort.

CLEANABLE One-piece cushion reduces the number of “nooks and crannies” making it easy to clean and maintain.
