

BF 283 010

Stainless steel-backed full glass door
Width 30" (76.2 cm)

BF 283 030

Aluminum-backed full glass door
Width 30" (76.2 cm)

Housing with lift door

BF 283

- Full glass door, stainless steel or aluminum backed. Matching the 200 series.
- Lift function with gas pressurized springs. A slight lift is enough for the door to automatically open fully.
- Housing with door. Interior can also be used as storage space.
- For use with BM 281 710/730 microwave.

Interior dimensions

W 26 ⁶/₈" x H 21" x D 20 ¹⁵/₁₆"
(680 x 533 x 532 mm).

Features

Stainless steel interior, powder-coated, back outlet for electrical connection.

Gas pressurized springs for easy and smooth handling.

Door mechanics are covered by interior lining.

Planning notes

Can be combined with BM 281 710 or BM 281 730 microwave.

Plan intermediate shelf of at least 3/4", if mounting above BO/BS.

Mount directly above WS 282 warming drawer without intermediate shelf.

The front of the appliance extends 1 ⁷/₈" from the cabinet front.

Please read the installation details regarding oven combination on pages 9–10.
