Pocket

Pocket includes easy to roll carts that provide a mobile worksurface, simple technology support, light storage, and magnetic accessories.

Cubby is molded soft plastic and provides for cable storage. Easily removeable without use of tools for cleaning.

Fixed or adjustable height column is available and accommodates cable pass through from monitor down to the cable cubby with grommetted outlet through the bottom of the cubby.

Back and side wrap of bin unit is available in 7243 Seagull paint only.

Technology bay back wrapper is available in 7190 Platinum Solid paint only.

Base is powder coated cast aluminum available in 7243 Seagull paint only.

Quiet soft casters have quick locking mechanism on front casters and are 4".

Top is textured powder coated steel with softened edges and waterfall front edge with integral handle.

Monitor mount is standard on 25"x24" top surface. 75 and 100MM VESA mount allows for 20 lb capacity. VESA mount is adjustable for various angles on the vertical axis and accommodates cables. Monitor mount adds 13½" to overall height.

**Drawers and top and bottom of bin unit** are available in 6249 Platinum Solid or 6260 Coastal plastic.

Two bin unit has wrapped sides and back and is textured painted steel. Bins have integral pulls and molded slides with in and out stops. Bins are interchangeable and easily removeable for cleaning. Interior dimensions are approximately 12" x 8½" x 4".

Technology bay is powder coated steel with internal adjustable nylon strap for secure retention of technical components. Bays have front and rear ventilation and a grommetted opening in rear for cable outlet.

Technology bay front wrapper is available in 7243 Seagull paint only.
