

RAVE

*Design and durability.
An ideal solution for high-traffic environments.*

FAMILIES OF SEATING

DESIGN INSPIRATION

The Rave™ seating family successfully defines what healthcare seating means today. With its clean, contemporary appearance and distinctive arm profile, this line offers design for a multitude of applications. Rave features wide- or narrow-scale designs along with fully upholstered or wood open-arm variations, providing a truly comprehensive seating solution.

But good looks and versatility are only half the story. Rave is constructed with select hardwood and carbon steel frame components to meet the vigorous demands of high-use environments. The complete line includes chairs, tandems, loveseats, sofas, benches, bariatric chairs, recliners and tables.

FEATURES AND BENEFITS

STRENGTH Constructed from select hardwood and carbon steel frame components for long-term durability.

RENEWABLE Field-recoverable upholstery and snap-out seat design for easy replacement without tools.

CHOICES The Rave line offers chairs and recliners in two sizes, bariatric seating in 30" and 40" widths, open or enclosed arms, and coordinating freestanding and ganging tables with wood or laminate tops.

ADAPTABLE Contemporary in design and built for intensive use, Rave seating can be specified in a variety of environments, from reception areas to patient rooms.

VERSATILE A wide range of configurations can be achieved with Rave tandem seating and its complete line of coordinating freestanding and ganging occasional tables.

BARIATRIC CHAIR

Rave bariatric chairs provide aesthetic dignity and durable support to accommodate patients or visitors with specialized seating needs.

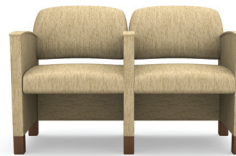

RECLINER CHAIR

With two size options and a choice of wood legs or casters, Rave recliners deliver a flexible footprint and aesthetic to accommodate a variety of environments.

GUEST CHAIR

Rave guest seating offers great versatility for lounge and reception areas. Select maple hardwood frames bring warmth into any setting. Benches are also included in this extensive collection.

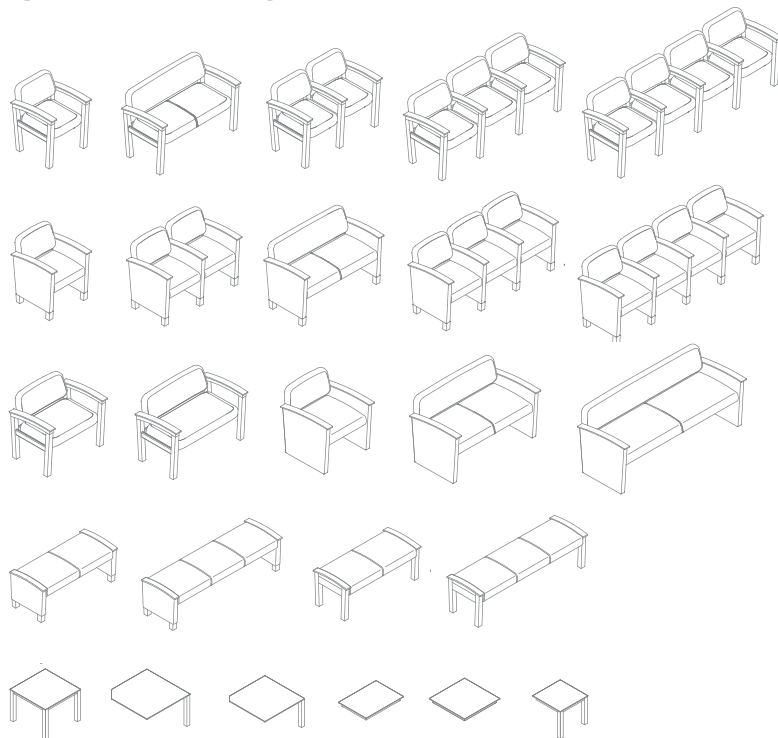

TABLES

Rave occasional tables feature wood or laminate top surfaces to complement a range of decor and add the finishing touch in any healthcare environment. Tables are offered in ganged and freestanding styles.
