

SIESTE

*A multitude of choices
for multiple healthcare environments.*

FAMILIES OF SEATING

DESIGN INSPIRATION

No one product line can be all things to all healthcare environments...but the Sieste® family of seating comes close. To say that the Sieste seating line is extensive is an understatement. With a product portfolio that includes lounge and bariatric seating, loveseats, sofas, recliners, sleepers and tables, Sieste really has you covered. Sieste tandem seating is built upon the award-winning design concept of its sleeper and recliner collections. The product line offers a clean, simple design profile that's at home in a variety of healthcare environments. Sieste seating delivers flexibility, comfort and choice in one smart family.

FEATURES AND BENEFITS

COMPREHENSIVE The Sieste line includes lounge and tandem models, bariatric seating, sleeper seating, recliner seating, two backrest heights and eight table options.

AESTHETICS Seating offered with optional upholstered, plastisol or wood arm caps, as well as contrasting upholstery fabrics.

OPTIONS Freestanding and ganging tables available with wood and laminate tops.

STRENGTH Frame constructed from durable hardwoods with reinforced steel seat.

RENEWABLE Zippers and Velcro® closures allow the covers and components to be field replaceable.

CLEANABLE Products offer space between seat and back for easy cleaning and maintenance.

LOUNGE AND TANDEM SEATING

Lounge and tandem units are available in two back heights. Tablet arm is optional on all lounge models. Tandem chair is available in two-, three- and four-seat units with snap-out seats for easy replacement. Table is optional on all tandem models.

SLEEPER SOFA

The Sieste sleeper sofa is available in three standard lengths and can be customized for space limitations. This clever sleeper offers different surfaces for sleeping and sitting – with no mechanisms to break. Available in armless version or with arms. Also includes standard center storage drawer for bedding and miscellaneous items.

TABLES

Sieste occasional tables complement a range of decor and increase functionality in any environment. Tables are offered in ganged and freestanding styles with laminate or wood top surfaces.

BARIATRIC SEATING

The Bariatric chair is available in two seat widths – 30" and 40" – and two back heights. It offers extra seat width and reinforcements for added comfort and weight support. Flip-up tablet is optional.

RECLINER SEATING

Available in three models:

Trendelenburg recliner

Features a caregiver-controlled foot lever that engages the reclining positions. Transport push handle and locking casters come standard.

Wallsaver recliner

Features a side release lever that activates reclining mechanism. Wood base is standard, wall-saver casters optional.

Three-Position recliner

Features a weight-activated reclining mechanism. Wood legs are standard, casters optional. Optional transport package includes push handle, swiveling front-locking casters and braking back casters.
