

SIESTE

*A multitude of choices  
for multiple healthcare environments.*

FAMILIES OF SEATING

## DESIGN INSPIRATION

No one product line can be all things to all healthcare environments...but the Sieste® family of seating comes close. To say that the Sieste seating line is extensive is an understatement. With a product portfolio that includes lounge and bariatric seating, loveseats, sofas, recliners, sleepers and tables, Sieste really has you covered. Sieste tandem seating is built upon the award-winning design concept of its sleeper and recliner collections. The product line offers a clean, simple design profile that's at home in a variety of healthcare environments. Sieste seating delivers flexibility, comfort and choice in one smart family.

## FEATURES AND BENEFITS

**COMPREHENSIVE** The Sieste line includes lounge and tandem models, bariatric seating, sleeper seating, recliner seating, two backrest heights and eight table options.

**AESTHETICS** Seating offered with optional upholstered, plastisol or wood arm caps, as well as contrasting upholstery fabrics.

**OPTIONS** Freestanding and ganging tables available with wood and laminate tops.

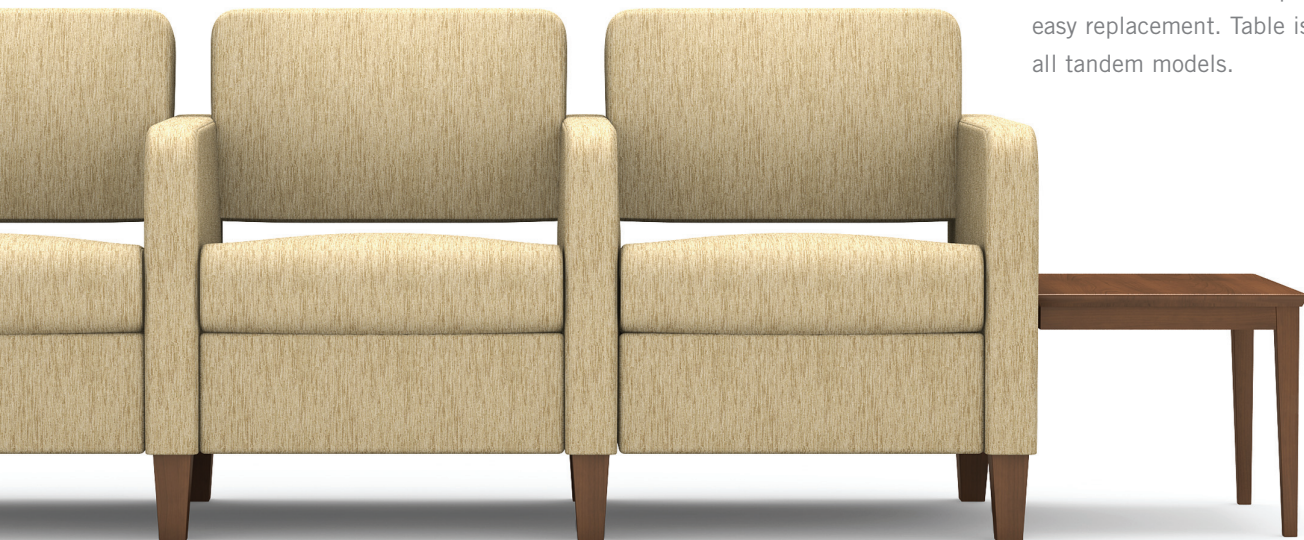

**STRENGTH** Frame constructed from durable hardwoods with reinforced steel seat.

**RENEWABLE** Zippers and Velcro® closures allow the covers and components to be field replaceable.

**CLEANABLE** Products offer space between seat and back for easy cleaning and maintenance.

### LOUNGE AND TANDEM SEATING

Lounge and tandem units are available in two back heights. Tablet arm is optional on all lounge models. Tandem chair is available in two-, three- and four-seat units with snap-out seats for easy replacement. Table is optional on all tandem models.

#### **SLEEPER SOFA**

The Sieste sleeper sofa is available in three standard lengths and can be customized for space limitations. This clever sleeper offers different surfaces for sleeping and sitting – with no mechanisms to break. Available in armless version or with arms. Also includes standard center storage drawer for bedding and miscellaneous items.

#### **TABLES**

Sieste occasional tables complement a range of decor and increase functionality in any environment. Tables are offered in ganged and freestanding styles with laminate or wood top surfaces.

#### **BARIATRIC SEATING**

The Bariatric chair is available in two seat widths – 30" and 40" – and two back heights. It offers extra seat width and reinforcements for added comfort and weight support. Flip-up tablet is optional.

### RECLINER SEATING

Available in three models:

#### Trendelenburg recliner

Features a caregiver-controlled foot lever that engages the reclining positions. Transport push handle and locking casters come standard.

#### Wallsaver recliner

Features a side release lever that activates reclining mechanism. Wood base is standard, wall-saver casters optional.

#### Three-Position recliner

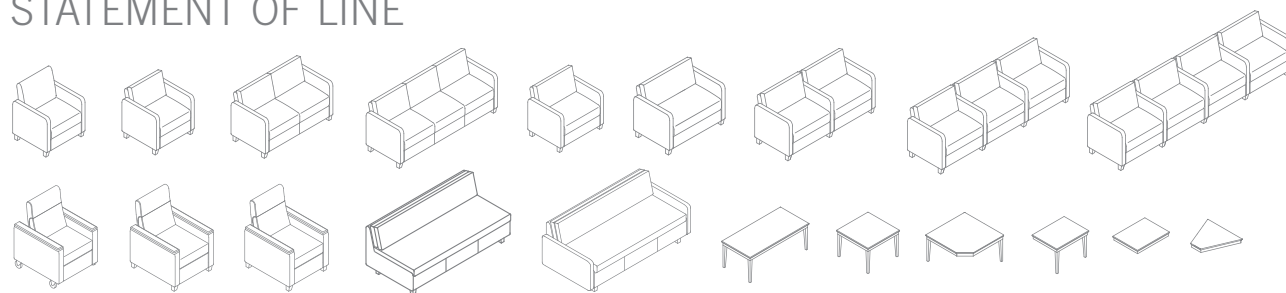

Features a weight-activated reclining mechanism. Wood legs are standard, casters optional. Optional transport package includes push handle, swiveling front-locking casters and braking back casters.
