PRODUCT INFORMATION

**Serie 600
Catering module.**

Body consists of a tubular-steel skeleton with 4 posts, a solid-metal bottom and 3 perforated-metal sides, each powder-coated. With design or special castors.

Front open and/or solid-metal with metal bow handles.

Coffee module (depending on model) with an open drawer for cups and small items, drawers or a storage compartment with door for water tanks. Upper cover plate made from melamine-resin-coated LIGNOpal chipboard with glued-on plastic edge. The cover plate acts as a surface for holding a coffee machine. Wiring/electrification through the back.

Refrigerator module (depending on model) with an open drawer for glasses and small items, drawers or shelf compartments and a refrigerator. Upper cover plate made from LIGNOpal.

Following materials are available: Frame = M1,2,7; Front Steel = M2,3,10; Carcass Steel = M2,3,10.
