PRODUCT INFORMATION

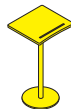

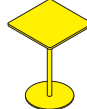

Up Stand-at table, add-on stand-at table.

Frame consists of a powder-coated tubular-steel column and disc foot with stainless-steel cover. Optional footrest and floor-levelling screws. Also usable as add-on stand-at table.

Table height adjustable or fixed. Top inclination 5°.

Table top of either melamine-resin laminated LIGNOpal chipboard with glued-on (KU) plastic edges or MDF (medium-density fibre board) with micro-effect paint finish. Both versions black with rounded corners.

Following materials and colours are available: Steel: astral-silver. Top: L10 (linoleum), off-white, beech and cherry veneers, black MDF.
