

Horizon Table

Classic and simple in form, Horizon end and coffee tables were inspired by the open terrain of the southwest. As in the natural environment, details emerge with observation. Tops of natural materials are compatible with the needs and aesthetics of a variety of spaces and juxtapose with the sleek angled metal legs. The character and detail of the Horizon tables are also found in the Horizon lounge seating.

Notes on the optional use of Option A Woods and Finishes

Option A Woods are species, not finishes. By default, they are offered as shown on the samples and in the finish selector with little or no stain added, to show their natural beauty. Option A Woods can also be finished in the standard MP-Finishes, as long as the Option A Wood is lighter than the standard finish you select.

Refer to Finish Selector for available finish selections and limitations
