Grout Joint Recommendation No grout joint recommended
Maintenance: Clean with a damp mop and any suitable stone cleaner. Sealer should be applied after installation and repeat applications as suggested by sealer manufacturer.

- Notes:
- All medallions and borders can be customized with different colors of stone or glass (see Glass Medallions & Borders collection brochure) or a combination of the two.
 - Natural Stone Medallions & Borders are made-to-order. Please contact your Ahnzu Sales Consultant for lead times.
 - Not recommended in wet areas unless sealed properly as part of normal maintenance. May contain areas of open or dry seams, that can appear dull under reflective light.
 - Might contain dry seams, pits, fossils, and glass veins that are filled at the factory or during installation. Since these voids can sometimes lose their fillings, they should be refilled as part of normal maintenance.
 - A sealer is recommended.
 - White thin-set or mortar is recommended.
