Atlas tile

ONSLOW CARPET TILE SPECIFICATION

T113

Construction:	Interloop (Patterned Loop)	**Yarn Content:**	**Antron® Legacy nylon type 6,6 (an Environmentally Preferable Product certified by Scientific Certification Systems)**
Tufted Yarn Weights:	28 oz./sq. yd.	**Average Yarn Pile Height:**	.136"
Approx. Finished Weight:	103 oz./sq. yd.	**Average Yarn Density:**	6882
Gauge:	5/64	**Carpet Tile Size:**	50 cm x 50 cm
Product Collection:	CANBERRA COLLECTION TILE		
Approved Installation Methods:	Quarter-turn, Ashlar-monolithic		

Backing Systems:	Polyurethane cushion tile backing system. Approximate backing thickness is 0.20 inches.
General Guidelines:	Chair pads are recommended to protect seams and deter accelerated wear in areas where castered chairs are used. Walk-off mats are recommended at all entrances to minimize soiling. This carpet tile is intended only for use as a floor covering. Atlas will not assume any liability when this carpet tile is used in any other manner.
Quality Assurance:	All certified carpet tiles of Antron® Legacy nylon meet strict performance and construction standards of the Invista™ performance standands program assuring the highest quality carpet tile. The Type 6,6 nylon polymer of Antron Legacy® provides superior resistance to crushing, matting, stain penetration and wear.
Soil Retardant:	Duratech® soil resistance treatment provides superior soil resistance.
Static Control:	Antron ® Legacy nylon carries a limited lifetime antistatic warranty not to exceed 3.5kV.
Flammability Ratings:	ASTM E648 Flooring Radiant Panel Test: Class I. ASTM E662 NBS Smoke Chamber Test; less than 450.
Indoor Air Quality:	Certified by the Carpet and Rug Institute and assigned the Green Label Plus certification number GLP 3333.
NSF-140 Certification:	All Atlas Carpet Mills, Inc carpet is certified under NSF-140.
Environmental Position:	Atlas follows an environmentally and socially responsible path in the development and manufacturing of all its products. Further, Atlas can provide certifed reclamation of carpet tile being replaced. All of the above contribute toward LEED points.
Warranty:	Antron ® Legacy nylon carries a limited 10-year warranty.
Additional Specification Information:	Pattern lines, inherent in the pattern and construction of this product, which may be visible lengthwise, are not considered a manufacturing defect. Watermarking or shading, a pile reversal phenomenon that can occasionally occur in any carpet tile construction, regardless of fiber type, is not considered a manufacturing defect. The mill reserves the option of making minor modifications in specifications when necessary in order to improve performance and to accommodate changes in material supply or manufacturing processes.
Trademarks:	Antron Legacy® is a registered trademark for carpet fiber. DuraTech® is a registered trademark for soil resistant treatment.
