

Installation Instructions

Fold-up Triton Grab Bars

Please read all instructions
before installing products.

FIG.1

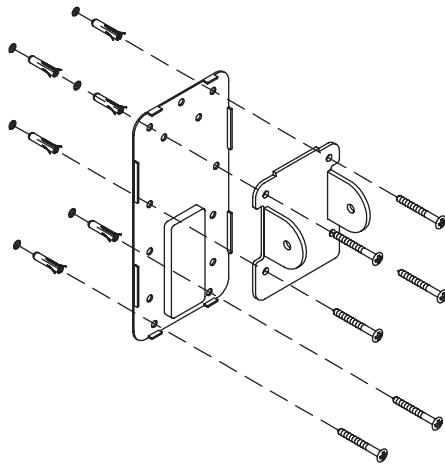

FIG.2

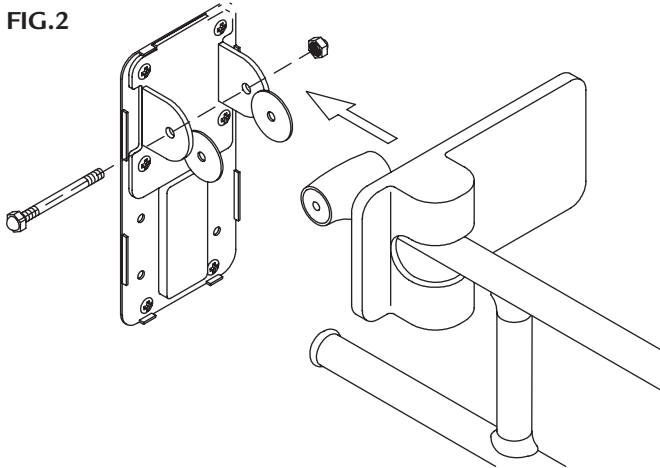

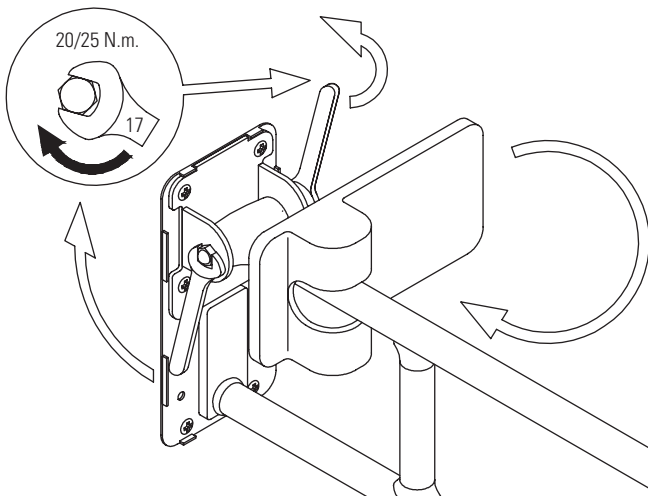

FIG.3

1. Use the backer plate as a template for marking mounting hole locations. Also, mark holes for the pivot plate. (fig. 1)
2. If mounting into wood studs or wood backer drill pilot holes for the mounting screws. If mounting into concrete drill holes for the plastic anchors. Also, drill holes for the pivot plate.
3. Attach backer plate to the wall with the appropriate fastener. (fig. 1)
4. Attach the pivot plate to the backer plate. (fig. 2)
5. Slide the cover plate on pivot point of grab bar. (fig. 2)
6. Connect grab bar with hex head bolt, washers and nut to pivot plate (fig. 3)
7. Tighten hex bolt and nut. (fig. 3)
8. Rotate and snap cover onto back plate (fig. 3)

Caution: Avoid placing hands at pinch points.
