**Material must be stored, installed and used
in environmentally controlled conditions**

Cartguard 1

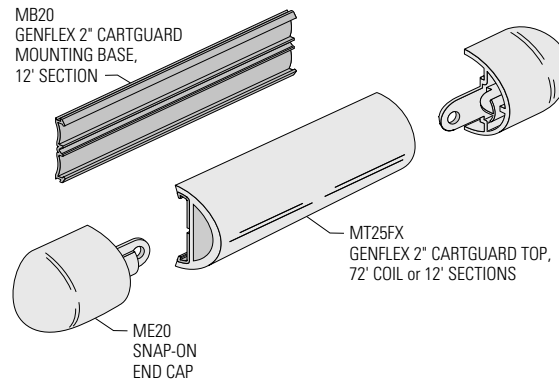

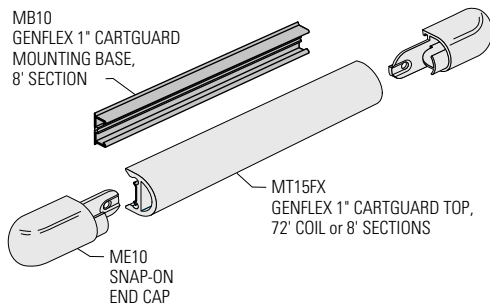

- [1] Cut the retainer to the required length allowing for end caps, 90° outside corners, 135° outside corners and snap-on end caps.
- [2] Attach the retainer to the substrate with #8 sheet metal screws, using the pre-drilled holes on the retainer. Screw length is determined by the substrate thickness.
- [3] Snap ends caps and corners on to the retainer and attach them with installer supplied #8 sheet metal screws.
- [4] Cut the flexible vinyl retainer to the distance between the end caps and corners.
- [5] Snap the flexible vinyl onto the retainer.

Cartguard 2

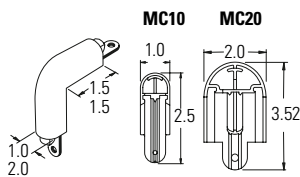

- [1] Cut the retainer to the required length allowing for end caps, 90° outside corners, 135° outside corners and snap-on end caps.
- [2] Attach the retainer to the substrate with #8 sheet metal screws every 12". Screw length is determined by the substrate thickness.
- [3] Snap ends caps and corners on to the retainer and attach them with installer supplied #8 sheet metal screws.
- [4] Cut the flexible vinyl retainer to the distance between the end caps and corners.
- [5] Snap the flexible vinyl onto the retainer.
