

JAZZ Series

JAZ-SCB-DI

TYPE

FEATURES

The Jazz SCB DI is one variation of a complete family of direct/indirect fluorescent luminaires. Constructed of perforated steel and aluminum extrusions, it features a reveal between modules in continuous rows. The Jazz SCB DI series is furnished with a isolated compact fluorescent task down light. The Jazz SCB DI series can be furnished with a wide variety of perforated accent patterns in addition to the standard pattern. The standard pattern are two continuous perforated sections 5 1/2" wide on each side separated by a 3" solid band in the center of the fixture. The perforations are 1/16" holes on 3/32" straight centers. Perforated corporate logos can also be supplied as a feature for reception areas and conference rooms. The computer designed optical system creates a widespread indirect distribution, while the variety of direct components provides useful contrast.

SPECIFICATIONS

Housing: One piece die formed 20-gauge cold rolled steel welded construction forming a 13" x 3 1/2" rounded profile. Continuous perforated sections are 1/16" x 3/32" straight centers with white .020 translucent overlay. Perforated sides are 5 1/2" wide and end 1" from fixture end with steel cross blade baffle 5/8" O.C. x 5/8" H. centered in fixture. Decorative finished end caps are extruded aluminum incorporating leveling hanging supports with no exposed hardware or knockouts. Special logo designs and perforated patterns are available.

Reflector: Die formed 20 gauge cold rolled steel minimum 90% reflectivity finished in high gloss baked white enamel. Die formed specular reflector is also available.

Electrical: Ballast is electronic, high power factor, thermally protected class P, sound rated A, with less than 20% total harmonic distortion. The minimum number of ballasts will be used unless otherwise specified.

Mounting: Standard Installation is an adjustable self-locking aircraft cable assembly 48" x 3/32" in diameter with 5" canopy. One 16/4 SJT straight 54" cord is supplied with each power feed. Standard pendants are available in 24" lengths. See Accessories for additional mounting.

Finish: Fixture housing and steel components are finished in baked white enamel applied over a five-stage pretreatment process.

Lamps: Fixtures are provided for use with two, three or four 32 watt T8 lamps or 54 watt T5 HO lamps up and one 40 watt compact fluorescent down. (Supplied by Others)

Certification: Luminaires are U. L. Listed, C. S. A. certified and are Union Made in the United States of America I.B.E.W.

Example: **JAZ-SCB-DI-232T8-U-140CF-D-AC-4-W-277V**
Jazz direct/indirect fixture perforated sections with opal overlay for two 32 watt T8 lamps up and 140 watt compact fluorescent down with two 48 inch aircraft cables and power feed four foot fixture finished in baked white enamel with 277v electronic ballast less than 20% total harmonic distortion.

OPTIONS

- E10=** Electronic ballast, high power factor, thermally protected class P, sound rated A, < 10% total harmonic distortion
- DIM=** Dimming Ballast
- EPC=** Emergency Battery Pack
- EMC=** Emergency Circuit
- TCW=** Two Circuit Wiring
- TDW=** Tandem Wiring
- QCW=** Quick Connect Wiring
- OTH=** See Accessories for other options available
- SPR=** Specular Reflector

LINEAR SECTIONS AND SUSPENSION LOCATION
