ROCKY 4 LEGS WITH CASTERS AND UPHOLSTERED SEAT, ARRIVA TABLES

rocky

THEY DON'T COME ANY MORE HIP than this inspired chair: Light and smart, simple and modern, the Rocky articulated molded bucket chair swivels and tilts in style and comfort. With a nod to its Retro roots, Rocky builds on an advanced patented design at a reasonable price point. Its height adjustable seat and ability to swivel make it the highest performing nesting chair in the conference or training room. And the hip appeal? Accentuated by a natural rocking motion made real by independent hip-pivoting springs designed to caress your back while providing excellent lumbar support.

rocky 5 star

When there's no need for nesting, Rocky 5 Star meets your requirements. And to continue the hip appeal of the Rocky family lineage, there's the Rocky 5 Star Stool that naturally moves and flexes in response to your twists and turns. A memory-return jury base is also available for lecture and case-room environments.

KART STATEMENT OF LINE

An articulating bucket modled chair that utilizes independent hip pivoting springs to provide passive ergonomics and support side to side and front to back motions.

Rocky 4 Star: patented pneumatic auto righting swivel locking mechanism. Base is one piece, solid color glass filled nylon in graphite only. Nested quantity is unlimited. Five nested chairs measure approximately 4' 6".

Rocky 4 Legs: with glides or casters, glides in non-marring black only. Frame is 16 gauge tubular steel in any Vecta powder coat color.

Rocky 5 Star and 5 Star Stool: Five prong base, 25" span: one piece solid color glass filled nylon in black only. 5 Star Stool also comes with an adjustable 20" diameter chrome foot ring on a die cast aluminum hub. Does not nest.

Rocky Jury base: Pneumatic height jury base with memory return and 360 degree swivel. Jury base is made up of a 2.5" diameter column and 8" base plate in black only.
