Interactive teaching and learning with ēno

Whoever said nothing lasts forever, never met ēno.

ēno by PolyVision is the only interactive whiteboard in the world that will last... forever. Classroom wear-and-tear is a non-issue and open architecture makes today's (and tomorrow's) software ēno-ready.

Helping teachers teach...

A universal board with open architecture, ēno gives teachers the power to optimize lessons, engage students and capture attention. Lessons in all subjects transform into captivating adventures.

Helping students learn...

With multi-user interactivity, ēno makes collaborative learning a reality. Hands-on lessons foster a fun learning environment and better understanding of key concepts.

Helping budgets grow...

With ēno's lifetime warranty, no power requirements or expensive replacements, cost of ownership is minimal. Dollars saved can be used for other initiatives, including professional development.

1

Traditional dry-erase

Write on ēno all day long.

Erase with ease without damaging the surface.

2

Magnetic ceramicsteel

Give students manipulatives for time-tested problem-solving.

It's OK—ēno is tougher than magnets

3

Interactive performance

Use the stylus, a computer and a projector.

And ēno is instantly interactive

The ēno advantage

- ✓ Works with any software

PolyVision brings learning to life by engaging today's teachers and students with simple, sustainable, evolving solutions—transforming education into inspired teaching and learning experiences.

Multiple options for any classroom or teaching style

Customize ēno

More than your average interactive whiteboard, ēno is universal and customizable for the ultimate education experience.

It all starts with ēno

ēno classic quickly installs and brings a dry-erase surface with interactivity to your classroom.

+ Add sound

ēno play adds full-room integrated sound to your interactive lessons. Videos, music and podcasts come alive.

+ Add dry-erase and/or tack surfaces

ēno flex adds dry-erase and/or tack surface to accommodate any subject or grade level. More space for art projects, math equations or just doodling.

+ Add accessories

ēno mini lets you control the interactive whiteboard from anywhere in the room. Extra styluses bring unlimited lesson options to multiple users.

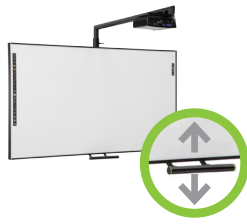

Bundle ēno

Options made simple. Select a stand and projector option to make choosing and using ēno a no-brainer.

+ Choose fixed or adjustable

ēno one is a complete and flexible solution offering height adjustable or fixed wall mounted options.

+ Add a projector

An ultra-short throw or short throw projector completes the solution.

Mobilize ēno

Complete flexibility for schools. Move ēno from class to class or instantly install it to be up and running in minutes.

+ Add mobile adjustability

The ēno one mobile system combines a height-adjustable stand, projector and board in one solution. It's moveable, adjustable and American Disabilities Act (ADA) wheelchair compliant.

+ Install in an instant

ēno click instantly mounts over any existing chalkboard or whiteboard without damaging the surface. Move to another classroom and install in less than five minutes.
