

Immodest about privacy?
Tormented by technology tangles?

Privacy Screens, Modesty Screens and Cableway:

help create a cove of shelter
and harmony in the workday
storm of faster, more, now.

Introducing Privacy and Modesty Screens

Privacy Screen

Modesty Screen

Privacy and Modesty Screens create separation and delineate space in an un-cubicated freestanding environment. And they enable new ways to design since it's entirely possible, and even sensible, to re-consider how and when to use traditional panels while still addressing visual distraction and improving productivity.

Privacy Screens

- Provides lightweight space division
- Positions top of Privacy Screen 19" above worksurface, this is a fixed height
- Can be used in combination with Modesty Screens and Cableways
- Privacy Screen ships with Universal Clamps

Modesty Screens

- Provides below worksurface modesty
- Positions top of Modesty Screen $\frac{1}{4}$ " above worksurface and provides $12\frac{1}{2}$ " of modesty below worksurface
- Can be used in combination with Privacy Screens and Cableways
- Modesty Screen ships with Universal Clamps

In a world where technology is the rule,
Cableway helps you
rule the technology.

A **Cableway** takes the technology tangle of cables, cords, and wires and wrestles them into an out-of-sight yet accessible "pocket."

Before

08-0000118

After

08-0000076

Universal Clamp

08-0000076

Gap between
worksurface and
Screen/Cableway is
1" to allow for cable
feed through

C-clamp clamps on
worksurfaces 1"
to 2" thick

Horizontal Mounting Bracket (for Cableway only)

08-0000117

Bracket screw
mounts to
underside
of worksurface

Slatwall Stanchions have clean lines and universal application across the entire spectrum of panel-supported and freestanding furniture.

Privacy Screens

W as ordered x H22 x D¼
3.8 – 6 lbs.
Frost

Modesty Screens

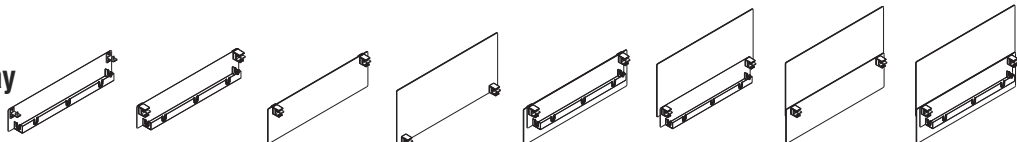

W as ordered x H14 x D¼
2.5 – 4.5 lbs.
Frost

Cableway

W as ordered x H8 x D3½
3.7 – 9.4 lbs.
Black, Platinum

* Includes Universal Clamps

SpecTip

Recommend that Privacy and Modesty Screens are 6" to 8" less than the width of the worksurface (4" to 8" for 120°)

All Assemblies ship with the appropriate number of Mounting Brackets / Universal Clamps

When specifying SlatRail Stanchions, the width of the SlatRail must be one size smaller than the width of the Screen or Cableway, e.g. If ordering a 46" Screen the SlatRail should be 36"; if ordering a 55" Cableway the SlatRail should be 48".

For more information, please see the Details SpecGuide or go to the Adjustables page on the Details web site (www.details-worktools.com).

All sizes fit one.
