

This information applies to Series 3, Series 5, and Series 7 Adjustable Worksurfaces.

Product Category	— Height-Adjustable Tables
Certifications	— SCS Indoor Advantage™ Gold Certified in North America
LEED Contribution	— Recycled content, regional materials, low-emitting materials, and sustainable purchasing
Environmental Facts	— Up to 51% recyclable — Up to 54% recycled content

Materials Chemistry

Together with McDonough Braungart Design Chemistry (MBDC), one of the world's leading sustainable design firms, we're assessing all of the chemicals and materials used in our products down to 100 parts per million - evaluating them against 19 human and environmental health criteria. As a result, we're forming a cradle-to-cradle strategy for all of our products.

Life Cycle Assessment

We work with the University of Michigan's Center for Sustainable Systems to complete life cycle assessments for all of our major products to better understand the environmental impact of every stage of a product's life. Life cycle assessments have not been completed for these products.

Recycling & Reuse

We select materials that can be recycled at the end of a product's use and then design in such a way that they can be easily disassembled and separated. To simplify recycling, we minimize co-mingled components, consider the number and type of fasteners and are committed to making disassembly easy with common hand tools. Adhesives are eliminated if possible.

Recycled Content Summary

Rectangular Model (58x29)	Total Weight (lbs)	Recycled Content (lbs and %)		Post Consumer (lbs and %)		Pre Consumer (lbs and %)		Recyclability (lbs and %)	
Series 3	111.3	60.6	54%	11.7	10%	48.9	44%	57.3	51%
Series 5	173.1	60.2	34%	11.4	6%	48.8	28%	56.8	32%
Series 7	115.3	56.9	49%	8.5	7%	48.4	42%	56.5	48%

Note: Recycled content of 90 degree and 120 degree models does not differ significantly.

Disclaimer

Numbers may vary based on model and options selected. Recycled Content values shown are for rectangular models. Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Program	Category	Item	Contribution											
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post consumer + ½ pre-consumer (10%) + ½ (44%) = 32%											
			Series 3 –											
			Series 5 – (6%) + ½ (28%) = 20%											
	Series 7 - (7%) + ½ (42%) = 28%													
	Materials & Resources	MR 5 (regional materials)	AdjusTables tables are assembled from two component parts manufactured in Tijuana, Mexico and Ardmore, Alabama. Percentages of product cost (shown below) may be applied if your project is ≤ 500 miles from the locations listed. <table><tr><th>Model</th><th>% Manufactured in Tijuana, Mexico</th><th>% Manufactured in Ardmore, Alabama</th></tr><tr><td>Series 3</td><td>59%</td><td>41%</td></tr><tr><td>Series 5</td><td>38%</td><td>62%</td></tr><tr><td>Series 7</td><td>57%</td><td>43%</td></tr></table>	Model	% Manufactured in Tijuana, Mexico	% Manufactured in Ardmore, Alabama	Series 3	59%	41%	Series 5	38%	62%	Series 7	57%
Model	% Manufactured in Tijuana, Mexico	% Manufactured in Ardmore, Alabama												
Series 3	59%	41%												
Series 5	38%	62%												
Series 7	57%	43%												
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	See MR4 above											
LEED-OPERATIONS & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.0 (sustainable purchasing – durable goods option 2 furniture)	Exceeds the ≥ 10% post consumer or ≥ 20% pre-consumer criteria.											

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Environmental Partnership Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Indoor Advantage™ and Indoor Advantage™ Gold are trademarks of Scientific Certification Systems.

Refer to www.usgbc.org for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Corporate Environmental Performance (616.247.2996).
