

# MAP Pricing and Specification Guide

# MAP (Minimum Advertised Pricing) Guide

As stated in our Resale Environment Policy, Humanscale has established a minimum advertised pricing (MAP) guide. The following MAP Guide lists Humanscale’s suggested minimum advertised prices (subject to change at the sole discretion of Humanscale) for Retail Dealers of Humanscale brand merchandise. The suggested minimum advertised prices refer to the advertised price of Humanscale brand merchandise and not the selling price. All Retail Dealers should use the MAP prices as minimums in all advertisements and marketing materials, including, but not limited to, brochures, catalogs, direct mail, posters, magazines, and computer networks. This also includes selling of merchandise on the Internet and on Internet auction sites.

This MAP price guide is only intended to provide MAP pricing for all Humanscale products. All current Humanscale Price Guides are still in effect.

## Humanscale MAP Pricing

When navigating through the MAP price guide, we encourage you to refer to the table below as an example of some of the upgrades available with the Freedom chair and how these upgrades affect MAP pricing.

The table is to be used for illustrative purposes only.

Product Code Key	Standard Model	Upgraded Model
Freedom	F	F
Style	2	2
Mechanism	1	1
Arms	1	1
Frame	G	A \$170 (MAP)
Fabric	W	W
Color	101	101
Seat	–	G \$50 (MAP)
Total	\$999 (MAP)	\$1219

Seating

# *freedom*® Features & Characteristics

With Freedom, the knobs, levers and locks of current-generation task chairs have been replaced by intelligent mechanisms that automatically support the body as it moves from task to task. By minimizing the need for manual controls, Freedom maximizes natural, spontaneous movement, which is essential for a healthy body and a comfortable day's work. Freedom's many features can be enjoyed with virtually no effort.

## PHYSICAL CHARACTERISTICS

### CUSHIONS

- Molded polyurethane foam cushions
- Optional arm pads and seat have top layer of Technogel®
- Upholstered with a variety of materials customized to the unique form of the cushion

### CUSHION PANS, ARMREST SUPPORTS, HEADREST FRAME, AND FIVE-ARM BASE

- Injection-molded, structural, integral color plastics

### EXTERNAL FRAME AND OPTIONAL BASE UPGRADE

- Die-cast aluminum with fused plastic coating or polished aluminum finish

### STORED ENERGY DEVICES

- Nitrogen-charged gas cylinder for adjustable seat height
- Coil spring in the self-adjusting recline mechanism
- Elastomer spring in the pivoting backrest

### OPTIONAL FOOT RING

- Chrome-plated steel ring

## STANDARD FEATURES

### SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

### PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides up to 1" additional lumbar support when needed

### SYNCHRONIZED ARMRESTS

- Revolutionary armrests move in tandem to eliminate uneven arm positioning
- Natural lift and release action for immediate repositioning without buttons or locks
- 6" range of vertical motion to accommodate all users and tasks
- Can be positioned below thigh level for close table or desk work
- Attached to backrest so arms stay in same relation to body during recline
- Duron arm pad for durability and comfort

### STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

### CONTOURED CUSHIONS

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

### BODY FIT

- Size adjustable to fit more than 95% of the population
- Adjustments for fit-to-size:
  - Headrest: 5" vertical adjustment range
  - Seat Height: 5" adjustment range
  - Seat Depth: 2.25" adjustment range
  - Backrest/Lumbar Support Height: 3" adjustment range

### HARD CASTERS

- 2.5" double-wheel casters for carpeted floors

## OPTIONAL FEATURES

### DYNAMIC HEADREST

- Position-sensitive headrest moves into place when you recline and out of the way when you sit upright
- 5" vertical adjustment to fit all users
- Moves in the natural arc of head/neck for perfect support through range of recline
- Contoured to cradle the head and neck in comfort

### GEL SEAT CUSHION

- Non-degradable, non-compressible Technogel® layer on top of foam core
- Provides maximum pressure distribution
- Offers unmatched, long-term comfort

### ARM PAD OPTION

- Standard Flexible Duron
- Duron with Gel for optimal comfort

### ADVANCED ARMRESTS

- Pivot at elbow for width adjustment
- Lockable in 5° increments
- Automatic unlock feature when positioned inward and user wishes to exit chair
- 1.25" longer than Standard Armrests for additional forearm support

### CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring
- Extra-high cylinder with foot ring (Saddle seat only)

### FOOT RING

- Polished finish
- Height-adjustable

### CASTER OPTIONS

- 2.5" soft double-wheel casters for hard floors
- Non-rolling glides for fixed-location use
- 2.5" locking casters

### FIREPROOFING

- CAL 133-approved
  - Fireproof barrier between textile and foam
  - Fire-retardant plastics

# freedom® Specifications

## TASK CHAIR

### SCOPE OF USERS

- Standard chair fits more than 95% of the office population
  - 5'0" Woman to 6'4" Man
  - 100 to 300 lbs.
- Users outside the standard range can be accommodated by
  - Low or Tall Cylinder
  - Advanced Armrests

### WEIGHT

- 35 lbs. Standard Chair
- 39 lbs. Chair with Headrest
- 13.9 lbs. Saddle
- 19 lbs. Saddle with Foot Ring
- 12.5 lbs. Pony Saddle
- 16.5 lbs. Pony Saddle with Foot Ring

### BACKREST RECLINE

- 22° recline plus 7° backrest tilt

### REFERENCE ANGLE BETWEEN SEAT AND BACK

- 100° to 129°

### ADVANCED TASK ARMRESTS

- Horizontal angle change from elbow pivot point
  - 35° each armrest
  - Lockable in 5° increments

### HEADREST RADIAL MOTION

(automatic motion during recline)

- 30°

### LUMBAR SUPPORT INCREASE IN RECLINE

- 1"

<sup>†</sup> Must be selected for Saddle and Pony Saddle.

# Liberty® Features & Characteristics

Liberty, with Form-Sensing Mesh Technology, is unlike any mesh chair you've seen or experienced. With its tri-panel construction, Liberty has the body-fitting contours that single-panel stretch mesh chairs simply can't achieve. And it offers perfect lumbar support for everyone, without external devices or manual adjustments. Liberty's mesh back is formed by combining three panels of non-stretch mesh in the same way a tailor combines multiple pieces of material to form a shirt. So its contours are custom-made to both fit and support the human body in unprecedented comfort.

## PHYSICAL CHARACTERISTICS

### CUSHIONS

- Non-stretch, tri-panel mesh back
- Molded polyurethane foam seat cushion
- Duron arm pads
- Optional arm pads and seats have top layer of Technogel®
- Seats upholstered with a variety of materials customized to the unique form of the cushion

### CUSHION PAN, BACK FRAME, FIVE-ARM BASE

- Injection-molded, structural, integral color plastics
- Optional stainless steel caps on base

### EXTERNAL FRAME

- Die-cast aluminum with fused plastic coating or polished aluminum finish

### STORED ENERGY DEVICES

- Nitrogen-charged gas cylinder for adjustable seat height
- Coil spring in the self-adjusting recline mechanism
- Torsion spring in the pivoting backrest

### OPTIONAL FOOT RING

- Chrome-plated steel

## STANDARD FEATURES

### SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

### PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

### FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement

### STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

### CONTOURED SEAT CUSHION

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

### BODY FIT

- Size adjustable to fit more than 95% of the population
- Form-sensing mesh provides perfect lumbar support—automatically
- Manual adjustments for fit-to-size:
  - Seat Height: 5" adjustment range
  - Seat Depth: 2.25" adjustment range

### CASTERS

- 3" casters for carpeted floors

## OPTIONAL FEATURES

### ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 5" range of adjustment

### GEL SEAT CUSHION

- Non-degradable, non-compressible Technogel® layer on top of foam core
- Provides maximum pressure distribution
- Offers unmatched long-term comfort

### ARM PAD OPTIONS

- Standard Flexible Duron
- Duron with Gel for optimal comfort

### CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring

### FIREPROOFING

- CAL 133-approved
  - Fireproof barrier between textile and foam
  - Fire-retardant plastics

### CASTER OPTIONS

- 3" soft casters for hard floors
- Non-rolling glides for fixed location use

### POLISHED BASE CAPS

- Stainless steel caps on five-star base for wear protection and aesthetic appeal

### FOOT RING

- Polished finish
- Height-adjustable
- 18" or 21" diameter

# Diffrient<sup>™</sup> world

## Features & Characteristics

Diffrient World marks Humanscale's first foray into all-mesh task seating. Like its mesh-backed forerunner, Liberty, Diffrient World's tri-panel backrest hugs the body to provide tailor-made lumbar support, while its mesh seat eliminates contact stress under the thighs. But Diffrient World's major innovation is its mechanism-free recline action, which leverages two parts of the chair's frame, the user's body weight, and the laws of physics to provide automatic and balanced support throughout the full range of recline. No chair is more intuitive, creating the ultimate user-friendly sitting experience.

### PHYSICAL CHARACTERISTICS

#### CUSHIONS

- Non-stretch, tri-panel mesh back
- Non-stretch mesh seat
- Optional upholstered polyurethane foam seat cushion

#### EXTERNAL FRAME

- Injection-molded, structural, integral color glass-filled Nylon 6

#### STORED ENERGY DEVICES

- Pneumatic cylinder for adjustable seat height

#### OPTIONAL FOOT RING

- Chrome-plated steel

## STANDARD FEATURES

### SELF-ADJUSTING RECLINE

- Mechanism-free counter-balance recline action automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

### PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

### FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement and upgrades

### NON-STRETCH MESH SEAT

- Automatically sculpts to match body contours
- Cradles the body in flexible, breathable mesh
- Frameless front edge eliminates contact stress under the thighs

### STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

### BODY FIT

- Size adjustable to fit 95% of the population
- Form-sensing mesh provides perfect lumbar support—automatically
- Manual adjustments for fit-to-size:
  - Seat Height: 5" (127mm) adjustment range
  - Seat Depth: 3.5" (89mm) adjustment range

### CASTERS

- 3" (76mm) standard hard casters

## OPTIONAL FEATURES

### ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 3.2" (81mm) range of adjustment

### ARM PAD OPTIONS

- Flexible Duron
- Matching textile-covered arm pad

### UPHOLSTERED SEAT CUSHION

- Mesh topped with a thin layer of polyurethane foam
- Upholstered in a variety of textile options

### CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring

### FIREPROOFING

- CAL 133-approved

### CASTER OPTIONS

- Non-rolling glides for fixed location use
- Optional soft casters for hard floors

### FOOT RING

- Chrome finish
- Height-adjustable

# cinto™ Features & Characteristics

Appropriate for a wide range of commercial and residential environments, Cinto sets a new standard for ergonomic stackable seating through unique design and manufacturing innovations. Spanish for “belt,” Cinto features a floating backrest that is attached to the chair’s frame via a flexible belt, allowing it to move with the body to provide recline and automatic lumbar support. Stress-relief cross-slits on Cinto’s seat pan flex independently under the sitting bones to evenly distribute body weight and reduce pressure points, while air vents on the backrest and seat pan enable air circulation for cool seated comfort.

## PHYSICAL CHARACTERISTICS

### SEAT PAN, BACKREST

- Injection-molded polypropylene

### ARM PAD

- Polyethylene

### FRAME

- Steel tube

### BELT

- Elastomer

## STANDARD FEATURES

### FLEXIBLE BACKREST

- Attached to the chair’s frame via a flexible belt, the floating backrest bends and adjusts with the sitter
- Flexibility of backrest creates virtual pivot point for automatic lumbar support
- No adjustments required

### STRESS-RELIEF CROSS-SLITS

- Seat pan cross-slits flex independently under the sitting bones for even weight distribution and reduced pressure points

### VENTED SEAT PAN AND BACKREST

- Promotes air circulation and prevents “hot spots”

### STACKABILITY

- Freestanding Cintos stack six chairs high
- Up to 15 chairs can be stacked on the optional Cinto Dolly

### BACKREST HANDLE

- Provides easy transport

### LOW MAINTENANCE

- Washable with soap and water

## OPTIONAL FEATURES

### ARMREST OPTIONS

- Armless
- Fixed arms

### FRAME OPTIONS

- Silver
- Black

### BASE OPTIONS

- Sled base
- Four legs on glides
- Four legs on casters

### COLOR OPTIONS

- White with Gray Belt
- Black with Black Belt
- Gray with Gray Belt
- Taupe with Gray Belt
- Light Gray with Gray Belt
- Yellow with Gray Belt
- Green with Gray Belt
- Light Blue with Gray Belt
- Blue with Gray Belt
- Red with Gray Belt

### FIREPROOFING

# Textiles

## TEXTILE

The cushions on all Humanscale chairs utilize advanced technology developed primarily for the sportswear and sporting goods industries. In a single step, a high-tech molding process combines the textile, foam or Technogel®, and plastic support shell into a single, modular unit which can be attached to our seating with four screws. Because of this advanced process, the textiles used on the cushions are as unique as the rest of the chair, and satisfy requirements more demanding than typical upholstery textiles.

### WAVE

**Textile Code: W**      **Textile Grade: 1**  
Developed initially for sportswear, Wave responds to the unique form and production requirements of Humanscale seating. This four-way stretch fabric exceeds all contract interior testing requirements for heavy-duty upholstery. The colors of Wave are taken from the phenomenal hues found in nature.

**Colors:**  
101 Black  
102 Graphite  
104 Smoke  
201 Dark Brown  
213 Rattan  
402 Loden  
415 Sage  
502 Blue  
507 Navy  
601 Ultraviolet  
714 Poppy  
803 Cayenne

### SQUIGGLE

**Textile Codes:**      **Textile Grade: 0**  
**Vertical: S**  
**Horizontal: G**  
Composed of 100% recycled polyester, Squiggle offers an innovative weave structure to create a modern organic wave pattern resembling ripples of water. This environmentally sound textile may be applied either horizontally or vertically to Humanscale seating.

**Colors:**  
106 Ash  
208 Chocolate  
262 Sand  
275 Espresso  
448 Herb  
501 Indigo  
507 Navy  
735 Cinnabar  
811 Tangerine

### SENSUEDE

**Textile Code: D**      **Textile Grade: 3**  
Offering style and performance, Sensuede was developed to be the best and most luxurious engineered suede available. The silky feel is the result of recycled microfibers that are breathable, extra-strong, and resistant to most stains and wrinkles.

**Colors:**  
111 Ebony  
115 Pewter  
208 Chocolate  
305 Goldenrod  
406 Olive  
411 Pear  
413 Arbor  
512 Denim  
517 Persian  
709 Pampas  
712 Oxblood

### VELLUM

**Textile Code: V**      **Textile Grade: 1**  
Constructed of a simple weave using a blend of nylon, Cordura and elastic yarn, this textile offers a pleasing texture and extreme durability. Because of the Cordura content, this four-way stretch woven textile performs to the rigors of the most demanding environments. The color palette includes brights, classics, and neutrals.

**Colors:**  
101 Black  
102 Graphite  
106 Ash  
114 Light Gray  
202 Seal  
211 Beech  
212 Mahogany  
404 Moss  
407 Grass  
414 Greenwood  
507 Navy  
607 Periwinkle  
713 Pomegranate

### SPIRIT MILLENNIUM

**Textile Code: U**      **Textile Grade: 1**  
An antimicrobial and wipeable textile manufactured by Naugahyde, this textile is designed for use in healthcare, education, hospitality, and other environments that require surfaces to be durable and easy to maintain. It passes healthcare testing, such as anti-microbial and cleanability tests, and meets fire code requirements.

**Colors:**  
101 Black  
112 Greystone  
113 Gunmetal  
210 Putty  
304 Golden Corn  
412 Artichoke  
514 Dutch Blue  
515 Wedgewood  
516 Royal  
608 Crocus  
711 Raspberry  
802 Mandarin Orange

### GINKGO

**Textile Code: F**      **Textile Grade: 2**  
Composed of 90% Wool, Ginkgo offers a pleasing texture and durability. Its subtle and elegant pattern makes this textile appropriate for a variety of environments. Ginkgo comes in vibrant and saturated colors, expanding the scope of Humanscale's upholstery line.

**Colors:**  
101 Black  
197 Charcoal  
281 Walnut  
315 Wheat  
463 Green  
464 Pine  
507 Navy  
556 Storm  
559 October Blue  
568 Horizon  
734 Cranberry  
759 Cherry  
816 Harvest Orange

## BRIDGET STRIPE

Textile Codes: Textile Grade: 2

Vertical: B

Horizontal: H

Composed primarily of renewable merino wool, Bridget Stripe offers a five-color 50-stripe pattern with shifting color sequence that creates an undisrupted movement across the surface of the fabric. Boasting exceptional durability for a wool textile, Bridget Stripe may be applied either horizontally or vertically to Humanscale seating.

Colors:

104	Smoke
266	Kohl
267	Flax
529	Midnight
560	Lapis
732	Carmine

## PROMESSA

Textile Code: E Textile Grade: 3

This Ultraleather textile from Ultrafabrics is environmentally friendly, wipeable and antimicrobial, and ideally suited to healthcare, hospitality and industrial applications. Made without PVC, Promessa has a pebbled, highly textured finish that will work beautifully in a wide variety of environments.

Colors:

111	Ebony
139	Snow
157	Dewdrop
158	Shale
215	Horsehair
219	Fields
222	Pearl
223	Parchment
224	Cashmere
229	Briarwood

758	Lucky Red

# Textiles

## SPINNEYBECK LEATHER

### VICENZA

**Textile Code: Z      Leather Grade: 0**  
A lightly corrected, aniline-dyed leather produced from European hides, Vicenza receives a special retannage which enriches the leather and tightens the grain. A breathable protective finish offers durability and comfort.

**Colors:**  
101 Black  
201 Dark Brown  
214 Saddle  
506 Night Blue

### SABRINA

**Textile Code: L      Leather Grade: 1**  
Sabrina is one of Spinneybeck's most popular full-grain leathers, offering a smooth, tight grain and suppleness of hand. It is the favorite of those seeking an elegant, fine-grained leather for high-traffic use.

**Colors:**  
101 Black  
203 Gray Beige  
206 Bone  
207 Nutmeg  
408 Cat's Eye  
508 Marine Blue  
509 Water Sapphire  
710 Rhubarb

### PRIMA

**Textile Code: P      Leather Grade: 2**  
Prima signifies the ultimate in full-grain leather. Old world craft combined with premium select raw material create a leather in a class by itself.

**Colors:**  
101 Black  
205 Bernini  
511 Giotto  
609 Bramante  
708 Scarlati

### CERVO

**Textile Code: R      Leather Grade: 3**  
Cervo is thicker than the other leathers in our collection. Specialized milling adds additional character providing a soft pebble grain texture unmatched by any other leather in its class.

**Colors:**  
1A6 Pietra Lentina  
1A7 Sasso Nero  
2F0 Mantefalcone  
2E8 Aveto  
2E9 Metaponto  
470 Campigna

### ACQUA

**Textile Code: Y      Leather Grade: 1**  
Acqua's combination of a special retannage and technically-advanced finishing process results in a leather that is not only water-resistant but also practical for applications that require a durable finish.

**Colors:**  
1C0 Leviathan  
1C1 Black Sea  
1A9 Aquitania  
2F1 Tahiti  
2F2 Mississippi Delta  
2F3 Sea Wolf  
471 Flying Dutchman  
573 Cote d' Azur  
763 Yardarm

## TEXTILE PURCHASE PROGRAM

All Humanscale textiles (with the exception of Leather, Sensuede, Promessa and Spirit Millennium) are available for purchase by the linear yard. The prices below are net (standard discounts do not apply). A \$20 cut charge will apply to each order. Please see your Humanscale representative for more information.

Wave	\$35/yd (61" width)
Monofilament Stripe	\$60/yd (50" width)
Vellum	\$45/yd (50" width)
Silver Check	\$70/yd (53" width)
Torque	\$70/yd (57" width)

Squiggle	\$25/yd (54" width)
Bridget Stripe	\$55/yd (55" width)
Lotus	\$36/yd (54" width)
Ginkgo	\$75/yd (51" width)

MESH

These translucent textiles were created to provide optimal ergonomic support and comfort by melding strength, flexibility and resiliency. They surpass the performance criteria for contract seating textiles and meet a variety of environmental standards in both the United States and Europe, while remaining gentle on clothing.

MONOFILAMENT STRIPE

Mesh Code: M

Using only monofilament yarns that are thin and strong, a simple but classic stripe pattern is achieved through weave structure and yarn placement. This pattern has slight elasticity but terrific memory.

Colors:

- 10 Black
- 11 Carbon
- 14 Platinum
- 41 Green
- 51 Atlantic
- 81 Amber

SILVER CHECK

Mesh Code: C

This unique translucent pattern is achieved using monofilament and a silver-plated yarn spun with polyester at its core. More than simply an aesthetic choice, the silver-plated yarn gives the textile flexibility and strength.

Colors:

- 12 Alloy
- 32 Topaz
- 62 Sapphire
- 71 Ruby

TORQUE

Mesh Code: T

This proven weave construction gives the look of a solid yet translucent textile. Originally developed as a protective layer for motorcycle riders, Torque is woven with nylon, polyester and urethane yarns. It is both unique and durable.

Colors:

- 10 Black
- 13 Aluminum
- 31 Soleil
- 61 Lagoon

DASH

Mesh Code: A

Designed to resemble embroidery floss, Dash is stronger, more responsive, lighter weight and uses less material than most mesh textiles. It gives the user support, comfort and ease of movement, while meeting Humanscale’s seating requirements.

Colors:

- 14 Platinum
- 19 Zinc

CUSTOM COLORS

Textiles – Most Humanscale textiles are available in any customer-specified color. Delivery time frames for custom color orders will depend on color approval. A surcharge of\$200 will apply to custom color orders of 100 or more chairs, and a surcharge of\$350 will apply to custom color orders of less than 100 chairs. The following minimums are required for custom textile colors.

- Vellum: 50-chair minimum (Freedom)  
100-chair minimum (Liberty & Diffrient World)
- Wave: 175-chair minimum (Freedom)  
350-chair minimum (Liberty & Diffrient World)
- Torque: 110-chair minimum
- Lotus: 200-chair minimum (Freedom)  
400-chair minimum (Liberty & Diffrient World)
- Ginkgo: 240-chair minimum (Freedom)  
480-chair minimum (Liberty & Diffrient World)

Non-Stocked Colors – Vicenza, Sabrina and Prima leathers, Sensuede, Spirit Millennium, and Promessa can be ordered in any color standard to these textile lines, even if it isn’t stocked by Humanscale. Ordering any non-stocked color may impact the lead time for delivery. The list price upcharge for these non-stocked colors is as follows:

Sensuede, Spirit Millennium, Promessa:  
\$30 per chair (Freedom), \$20 per chair (Liberty & Diffrient World)

Vicenza, Sabrina, Prima, Acqua, Cervo: No upcharge

Civilization advances by the number  
of important operations which we can  
perform without thinking about them.

—Alfred North Whitehead

# Build Your Element Light Product Code

## Element Light

To create the product code for your Element Light, simply choose your preferred style, plug, mount and color, and combine the respective codes for each.

Element Light Product Code:

Style	Plug	Mount	Color
1	2	3	4
_____	_____	_____	_____

### 1 Style

**EL** \$405  
**MAP \$295**

Element Classic: 5-Watt  
MCX LED Light

**ED** \$449  
**MAP \$325**

Element 790: 5-Watt Hi-Output  
MCX LED with Dimmer

**EV** \$499  
**MAP \$350**

Element Vision: 7-Watt  
Hi-Output MCX LED with  
Dimmer and Occupancy  
Sensor

### 2 Plug

**E** N/C  
North America

**U** Add \$4  
**MAP \$4**  
Universal  
(4 interchangeable plugs)

**N** Add \$10  
**MAP \$10**  
Energy Star Plug Set for USA  
(includes external switch)  
ONLY for ED style, Available Q4 2011

## 3 Mount

**C** N/C

### Clamp

For grommet or edge mount. Fits surfaces up to 2" thick and grommet holes 2" or more in diameter.

**G** Add \$10  
**MAP \$ 9**

### Clamp with Grommet Cover

For grommet holes 2" – 3.25" in diameter.

**K** Add \$15  
**MAP \$ 9**

### 2-Piece Clamp

Requires minimum 1/4" clearance between desk and wall or panel.

**T** Add \$35  
**MAP \$29**

### 2-Piece Clamp with Theft Deterrent

Requires minimum 1/4" clearance between desk and wall or panel.  
By Special Order.

**Panel Mount** Add \$25  
**MAP \$19**

**PC** Allsteel Concensys

**P2** Allsteel Terrace 2.6 & 3.4, Align

**PH** Haworth Places, Unigroup

**PM** Haworth Premise

**8-outlet power strip with energy-saving  
personal occupancy sensor**

## Benefits of Energy-Efficient Task Lighting

### Improve Comfort

Different tasks and different users can require significantly different levels of light, and therefore can't be accommodated by single-source overhead lighting schemes.

Task lighting is essential for ergonomic comfort by supplying the right amount of adjustable illumination for each user and task while reducing eyestrain, headaches, monitor glare, and other symptoms caused by poor office lighting.

### Save Energy

When task lights are implemented at each workstation in an office, ambient lighting levels can be reduced. And when lower levels of overhead lighting are combined with energy-efficient task lights, the cost-savings can be significant.

**SINGLE Source**  
Bright Ambient Lighting

**DUAL Source**

## Mechanism Options

All keyboard mechanisms, with the exception of the KM, offer 0° to -15° tilt for low-risk typing postures.

Build-Your-Own configurations are available in Black only, unless otherwise noted.

**6G** (Black), **6GW** (White) \$255  
**MAP \$169**  
Humanscale's most advanced keyboard mechanism to date, the 6G provides intuitive ergonomic adjustability and unmatched styling.  
7" height adjustment  
(1.75" above track to 5.25" below track)  
Comes standard with 21.625" track

**5GSM** (Black), **5GSV** (Platinum) \$270  
**MAP \$169**  
The 5G Short Mechanism provides 5G functionality with a shorter arm for small workstations and tight spaces.  
4" height adjustment  
(0.5" above track to 3.5" below track)  
Comes standard with 18" track

**5G** (Black), **5GV** (Platinum) \$270  
**MAP \$169**  
The world's best-selling keyboard mechanism, the 5G combines easy dial-a-tilt and height adjustability with the strongest arm on the market.  
6.25" height adjustment  
(1.25" above track to 5" below track)  
Comes standard with 21.625" track

**5GAD** \$335  
**MAP \$209**  
The 5G Above Desk mechanism provides 5G functionality with a longer arm for use above the work surface.  
13.5" height adjustment  
(7.5" above track to 6" below track)  
Comes standard with 27" track

**4G** \$375  
**MAP \$239**  
The 4G represents revolutionary keyboard technology with simple dial-a-tilt keyboard angle adjustability.  
6.25" height adjustment  
(1.25" above track to 5" below track)  
Comes standard with 21.625" track

**4GAD** \$335  
**MAP \$209**  
The 4G Above Desk mechanism provides 4G functionality with a longer arm for use above the work surface.  
11.5" height adjustment  
(8.5" above track to 3" below track)  
Comes standard with 27" track

**2G** \$240  
**MAP \$159**  
The original standard bearer, the 2G offers independent height and tilt adjustment and unmatched stability.  
6.25" height adjustment  
(1.25" above track to 5" below track)  
Comes standard with 21.625" track

**DS** \$360  
**MAP \$229**  
The Double Swivel provides an additional pivot point for increased adjustability.  
80° swivel at platform  
6.25" height adjustment  
(1.25" above track to 5" below track)  
Comes standard with 25" track

**KM** \$220  
**MAP \$139**  
The Standard Pre-Set Tilt Arm offers total knee clearance, knob-free adjustment and 0° tilt.  
6.25" height adjustment  
(1.25" above track to 5" below track)  
Comes standard with 21.625" track

**Mechanism Accessory LS** \$86  
**MAP \$49**  
The Lateral Slider allows the platform to be adjusted left or right a total of 8" for optimal keyboard positioning. It can be ordered with any keyboard mechanism by indicating "LS" after the mechanism code (e.g., 6GLS or 6GWLS).

L6	30% recycled (23% Post-Consumer, 7% Pre-Consumer)	90% recyclable	27%

# Humanscale Terms and Conditions

*THE FOLLOWING TERMS & CONDITIONS APPLY TO ALL HUMANSCALE PRODUCTS.*

## TERMS OF PAYMENT

Upon approved credit, terms of payment are net 30 from date of shipment. Deposits may be required for large or custom orders. The processing of orders and/or shipment of orders placed may be delayed if the deposit is not received with the order or if customer's account is in "Past Due" status.

## CREDIT POLICY

All customers of Humanscale must complete a credit application, with current information, which must be signed by an owner or officer. A line of credit may be set by our Credit Department, however the basis for the line of credit may be changed or cancelled at our discretion and advance payment may be required. Any unpaid balance, upon which payments are not made according to the terms governing the sale, will be considered "Past Due" and will increase by a maximum of 2% per month, without forfeit of Humanscale's right to payment.

Any customer who has failed to pay for goods delivered or services rendered in a timely manner shall be liable for all fees, expenses, disbursements, and charges (including all legal costs) incurred by Humanscale in collecting monies owed, as well as interest (at 24% per annum).

## PURCHASE ORDERS

Purchase orders must include the following: "Bill To" and "Ship To" information—Company Name (Ship To company may be end user or installation company), Address, Telephone, Fax, Contact Person; End User Company Name; Requested Ship Date; Purchase Order Number; Special Delivery, Shipping and Packing Instructions (if applicable); Proper Discount Off Current List Price, Product Quantities and Full Model Numbers; and Total (List/Net).

## ORDER CHANGES & CANCELLATIONS

All changes to or cancellations of orders placed with Humanscale must be in writing and sent to Customer Service. Orders may be changed or cancelled without penalty if Humanscale is notified at least two (2) weeks before the scheduled ship date for standard orders (under 250 units), or at least three (3) weeks before the scheduled ship date for large orders (250 units or more). Order changes or cancellations made less than two (2) weeks before the scheduled ship date for standard orders or less than three (3) weeks before the scheduled ship date for large orders will incur a minimum change/cancellation fee of 10% of net. Irrespective of when notified, changes or cancellations are not binding upon Humanscale until Humanscale issues a written acknowledgment of the change or cancellation. Order changes are defined as the deletion of line items; changes in style, color, quantity or requested ship date; or ship-to address changes. Order changes that result in a quantity reduction may be subject to an additional small order fee or adjustment in pricing. Under no circumstances will changes or cancellations be accepted on any custom fabric, special order or custom product orders.

## TAXES

Humanscale list prices do not include sales tax. Customer is responsible to remit all such tax. Humanscale requires a State Resale/Exemption Certification to be on file at its main office. Sales made without said Certificate will be charged the appropriate sales tax.

## PRICES

All discounts and list prices are subject to change without notice. Prices are those in effect at the time of order entry. If the requested shipment date is more than 90 days after the order date, Humanscale reserves the right to price said order based on the published list price as of the shipment date.

## SMALL ORDER FEE

A 3% small order fee applies to all invoiceable orders of \$1,500 net or less, including billable replacement parts, regardless of product category.

## SHIPPING AND DELIVERY

All Humanscale orders are acknowledged with a promise date (scheduled ship date) based on the product with the longest lead time. Large orders may increase standard lead times. Standard shipping charges will be billed to customer. Custom platform orders require 4 to 6 weeks.

Seating orders, unless otherwise specified, will ship 4 to 6 weeks from the date of order. Unless otherwise contractually specified, Diffrient World, Freedom and Liberty chairs will ship with the base and frame disassembled. Chairs can be easily assembled in seconds without use of tools. Blanket-wrapped shipping is available for full truckloads of 200 or more Diffrient World, Freedom or Liberty Task and Conference chairs. Consult your Humanscale representative for blanket-wrapped shipping requirement for Cinto and the Liberty Side chair.

**Ship Sets:** All products ordered on a single purchase order will be delivered together in a single ship set. To break a ship set, customers must indicate "Ship as Available" on the purchase order. Upon request, customer accounts may be defaulted to ship all orders on an as-available basis.

**Shipping Instructions:** Humanscale will attempt to accommodate basic shipping instructions, such as "call ahead" or "deliver before 12:00 p.m.," if clearly identified on the purchase order as "Shipping Instructions."

**Packing Instructions:** Humanscale will attempt to accommodate basic packing instructions for internal delivery of specific items on an order, such as "Deliver to Joe Smith" or "Deliver to cube #218," if clearly identified on the purchase order as "Packing Instructions."

## DELIVERY SHORTAGES

Product shortages must be noted at the time of delivery and reported to the carrier for correction. Claims against Humanscale for shortages, errors, etc., must be made in writing and within three (3) days of the date of delivery or customer waives its right to make such a claim.

## FREIGHT CLAIMS

Humanscale will file all F.O.B. destination claims. In order to receive credit, customer agrees to cooperate and assist in the procedures set out by the carrier and Humanscale.

## EXTERNAL DAMAGE

If the shipping container shows any external damage, customer is instructed to refuse the product at time of delivery. If it is a multiple piece shipment, customer may refuse only the damaged items. Humanscale will not issue full credit for returned product unless customer takes the following action steps:

1. Note damage on the delivery receipt at time of delivery.
2. Refuse product at time of delivery.
3. Contact Humanscale Customer Service within 24 hours of the attempted delivery and advise them of the damage.
4. Enter a chargeable replacement order; credit will be issued after the disposition of damaged product is determined.

#### CONCEALED DAMAGE/LOSS

If customer determines that there is internal damage not visible at time of delivery, customer will retain all packaging materials and take the following action steps within fifteen (15) calendar days from the date of delivery:

1. Request inspection by calling local freight carrier to report damage.
2. Retain merchandise in the original box.
3. Call your Humanscale Customer Service agent to provide order and product information.
4. Get a copy of the inspection report from carrier.
5. Enter a chargeable replacement order; credit will be issued after the disposition of damaged product is determined.

#### STORAGE

If a customer is unable to accept a scheduled product delivery, Humanscale, if notified in writing after product assembly and prior to the scheduled ship date, will store the product at customer's expense. Humanscale shall invoice customer for the product and monthly Storage Fees.

Storage Fees will be 1% of the net order value per month or actual storage costs—whichever is greater. Storage Fees are calculated with a one-month minimum and will not be pro-rated. If customer is unable to accept a scheduled product upon delivery, customer shall be responsible for placing the product in storage and bears the risk of loss. However, payment of the balance due is per Humanscale's Terms of Payment.

#### RETURN AUTHORIZATIONS & REFUSALS

All returned and non-damaged refused orders are subject to a five percent (5%) restocking fee. Seating and special order returns will not be accepted. Customer must request a Return Authorization through the Humanscale Customer Service Department within 45 days of product receipt to return any product. If Humanscale agrees to restock the product, customer must return it freight prepaid to Humanscale, F.O.B., to the original shipping point or as otherwise instructed by Humanscale Customer Service. If product is returned without a Return Authorization, Humanscale will notify customer of the unauthorized return and customer must provide instructions for its disposition within one week thereafter. Failure of customer to respond within one week will result in Humanscale's right to dispose of the product with no credit. Return Authorizations expire sixty (60) days after the date of issue. If the returned product is not in resalable condition, customer will not receive credit for the return. Customer must promptly provide a purchase order or other acceptance of fees/credit reduction as required.

#### WARRANTY

THE FOLLOWING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

Humanscale offers the following warranties on its products:

PRODUCT	WARRANTY
All seating and other products detailed in a current Humanscale Price Guide, unless otherwise specified	15 Years, 24/7 Warranty
Fabric/Cushions/Arm Pads	5 Years, Single-Shift Warranty
M4, M7 & M8 Monitor Arms with Gas Cylinder Components	10 Years, 24/7 Warranty
Diffrient Series Lights	5 Years, 24/7 Warranty
Element and Horizon Series Lights, including light source	5 Years, 24/7 Warranty
CFL Light Bulbs	1 Year, Single-Shift Warranty
ZÖN Air Purifiers	3 Years, 24/7 Warranty
Switch Mouse	1 Year, 24/7 Warranty
Customer's Own Material (COM, COL)	No Warranty
All other products NOT detailed in a current Humanscale Price Guide	Varies; consult your Humanscale representative for details

This Warranty is applicable to the initial purchaser only and is non-transferable. If products are procured through authorized Humanscale Dealerships, the end-user customer name and address must be included on dealer purchase orders with Humanscale for the warranty to be in effect. Humanscale warrants that, at the time of customer's receipt, the product will be in good working order and will be free from defects in material and workmanship. This Warranty does not apply to normal wear and tear or damage caused by accident, neglect, misuse or improper installation or operation. Humanscale will not be responsible for damage due to service, maintenance, modifications or tampering by anyone other than a Humanscale authorized representative. In the event a product is defective and Humanscale receives written notice of the defect within the Warranty period, Humanscale, at its option, will either repair or replace the defective product. This Warranty does not cover damage caused by a carrier or transportation of the product from one location to another, or alterations made by owner.

#### LIMITATION OF LIABILITY

Purchaser's remedies set forth herein are exclusive and the liability of Humanscale with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the product or part on which such liability is based. In no event will Humanscale be liable to purchasers for any special, collateral, incidental or consequential damages however caused, whether by Humanscale's negligence or otherwise.

The remedies provided above are the purchaser's sole remedies for any failure of Humanscale to comply with its obligations regarding the workmanship of its products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Humanscale, with respect to or arising out of the product furnished hereunder.
