Wall or ceiling mounted luminaires for diffused self-ballasted fluorescent lighting (not suited for incandescent lighting).

Materials: wall support in thermoplastic resin; diffuser in thermoplastic material

Light emission

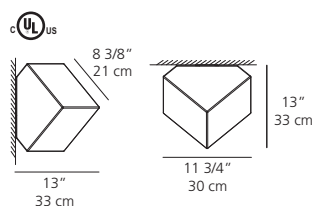

Applique murale ou plafonnier à éclairage fluorescent diffus, à ballast intégré (ne conviennent pas à l'éclairage incandescent).

Luminarias de pared o techo para iluminación fluorescente difusa con balasto propio (no apta para iluminación incandescente).

Matériaux: support mural en résine thermoplastique; diffuseur en matériau thermoplastique

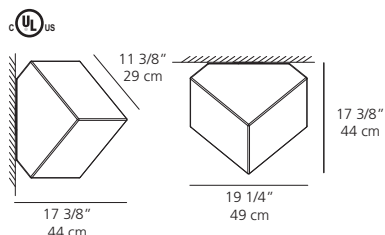

Materiales: soporte de pared de resina termoplástica; difusor de material termoplástico

Edge 21 wall/ceiling

fluorescent source

- 1 x 20W (E26/T4) self-ballasted quad tube

Edge 30 wall/ceiling

fluorescent source

- 1 x 23W (E26/mini spiral) self-ballasted hex tube
