DESIGN BRUNO HOUSSIN

Artemide®
ARCHITECTURAL

KAO

- cable suspended luminaire providing indirect lighting using 24W and 54W T5 fluorescent lamps
- modules are made from aluminum with white paint finish
- polycarbonate diffuser included
- each luminaire is composed of pre-assembled and pre-wired sub-units, electrical connection is made via quick connectors
- four standard 2D and 3D kits delivered with a drilling template for placing the ceiling fixing points
- support cables in stainless steel supplied with grip-lock connectors for quick height adjustment at installation
- ceiling feeder canopy in steel and thermoplastic, mounting to standard electrical junction boxes
- ceiling non-feeder canopy in steel and thermoplastic, mounting directly to rigid ceiling surface (hardware not supplied)
- equipped with thermally protected, class P, high power factor 120V electronic fluorescent ballast
- for 277V electronic fluorescent ballast, dimmable electronic ballast, and emergency lighting options, please consult your Artemide Sales Representative

KAO

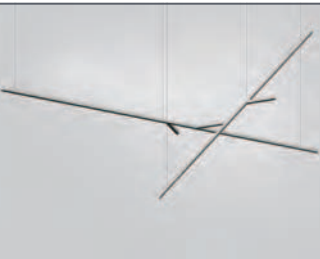

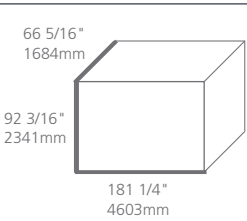

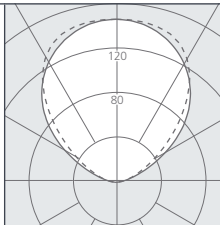

- wall or ceiling mounted luminaire providing indirect lighting using 24W and 54W T5 fluorescent lamps
- modules are made from aluminum with white paint finish
