APPROACH™

User friendly

Approach lets users get comfortable quickly and simply. Easy to reach and use adjustments on a synchro-tilt control provide multi-position recline lock, back-height adjustment, and pneumatic seat-height adjustment designed to accommodate 95% of the population. Completely adaptable, Approach feels right anywhere people meet, collaborate, learn, think deep or work long hours.

Comfortably seated

Approach offers two cylinder choices and is scaled to fit diverse body types of all sizes.

- 1 **Height-adjustable arms:** Offer a 4" range of adjustment with fixed cap, or for more computer-intensive work, 3D arm caps—width, depth and pivot. Armless versions are also available.
- 2 **Synchronized tilt:** Permits seat and back to move as one.
- 3 **Tilt tensioning:** Increases or decreases the effort needed to recline the chair.
- 4 **Multi-position back-stop:** Secures the chair in one of three positions to best suit the user.
- 5 **Back-height:** Back adjusts up and down, allowing precise placement of lumbar support.
- 6 **Pneumatic seat-height:** Makes it simple for the seat to be set to the perfect height. (2¼" and 5" ranges available)
- 7 **Optional seat depth adjustment:** 2" depth adjustment to accommodate petite to tall users.
- 8 **Depth adjustable lumbar pad:** Available for mesh back, adjusts through a ½" range with the simple turn of a dial.

APPROACH™

Flexible by design

People are different—Approach addresses individual preferences. It offers a full range of personal comfort controls, and more—adjustable arm caps for work-intensive environments, and replaceable seat and back cushions. Plus it carries a lifetime warranty and meets indoor air quality requirements. With all these features, Approach is a smart choice!
