**WIRO**

by Simon Pengelly

## TECHNICAL DATA

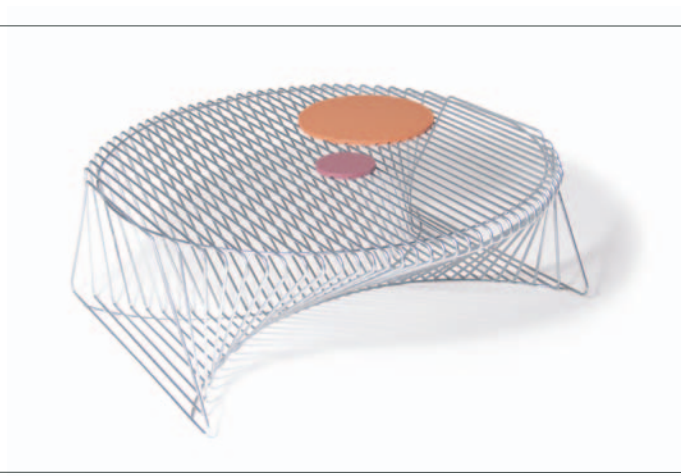

**WIRO** by Simon Pengelly

WIRO is manufactured using the process of cnc wire bending, made using gradually changing profiles of 6mm diameter steel wire. Each cnc profiled loop is spot welded to support wires and finished in a powder coat finish. The coffee table has optional coasters with a ridged underside which slot into the wires and are produced from mdf with a textured finish, available in a range of colours.
