AVIANO

**AVIANO**  
Pole Mounted Luminaire

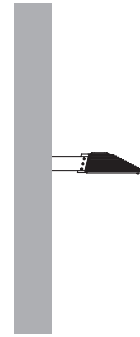

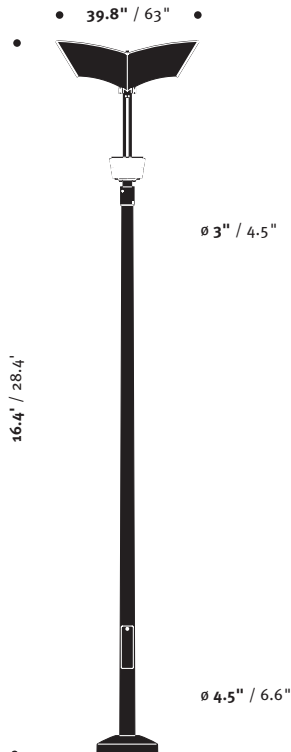

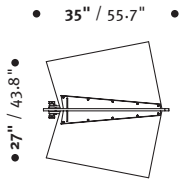

AVIANO's gull wing reflector gracefully perched atop the trapezoidal housing creates a dramatic, indirect outdoor luminaire. The formed aluminum wing, supported by an exposed steel support rib, is painted matte white on the underside for even light

distribution. The heavily finned cast aluminum housing serves both form and function by providing rugged aesthetics and optimum thermal cooling. All hardware is stainless steel for durability. The round tapered steel pole with flush handhole

is hot-dip galvanized prior to being finished in finely textured paint. Standard color; matte silver grey metallic. Special colors available. See technical data sheet for details.

 Listed for Wet Locations

Model	Pole / Style	Lamp
AO4050P	13' RTS	150 MH / 70 MH
